

SDG15: LIFE ON LAND

15.2.5 Sustainable management of land for agriculture and tourism (educational outreach)

Offer educational programme/outreach for local or national communities on sustainable management of land for agriculture and tourism

➤ Research Project: Awati TI-KAPE Community Development Program

A week-long activity titled “Kape, Kalikasan, at Katutubo” served as the culminating event of the Awati Ti-KAPE Community Development Program, a collaborative initiative between Mindoro State University and the Municipal Government of Mansalay, in celebration of the National Indigenous Peoples Month and the 28th IPRA Commemoration.

On October 24, a tree planting activity was held, where 117 coffee seedlings were planted in the coffee demo farm by volunteers in partnership with the Community Development Coordinators (CDC). Alongside this, there was an awareness campaign on Republic Act 8371 or the Indigenous Peoples’ Rights Act (IPRA Law), a commitment signing for the promotion of IPRA Law, and a leadership training session also held in Tangkulang.
