MESSAGE FROM THE OIC-UNIVERSITY PRESIDENT MINDORO STATE UNIVERSITY (MinSU)

Greetings!

I am deeply congratulating the entire Mindoro State University for another fruitful year of delivering quality education and relevant research, extension and production programs, projects and activities to our fellow Mindoreños.

Our accomplishments in our performance targets speak volumes of our commitment to continuously serve our clientele with the same responsive and relevant services.

We commend the tireless efforts of our key officials, faculty and employees for the relenting efforts in overcoming challenges and transforming it towards opportunity for growth and development.

As we forge ahead, let us continue achieving our goal guided by our university vision, mission and core values.

God bless and good luck to all of us in our future endeavors!

A handwritten signature in black ink, appearing to read 'C. Agutaya'.

CHRISTIAN ANTHONY C. AGUTAYA, *Ph.D.*
OIC-University President

University Vision, Mission, Goal and Objectives

With reference to Board Resolution No. 06 Series of 2021, the new Vision and Mission statements and Core Values of the University were approved by the MinSU Board of Regents during its Special Meeting held on November 25, 2021 via online platform.

VISION

The Mindoro State University is a center of excellence in agriculture and fishery, science, technology, culture and education of globally competitive lifelong learners in a diverse yet cohesive society.

MISSION

The University commits to produce 21st century skilled lifelong learners and generates and commercializes innovative technologies by providing excellent and relevant services in instruction, research, extension and production through industry-driven curricula, collaboration, internationalization, and continual organizational growth for sustainable development.

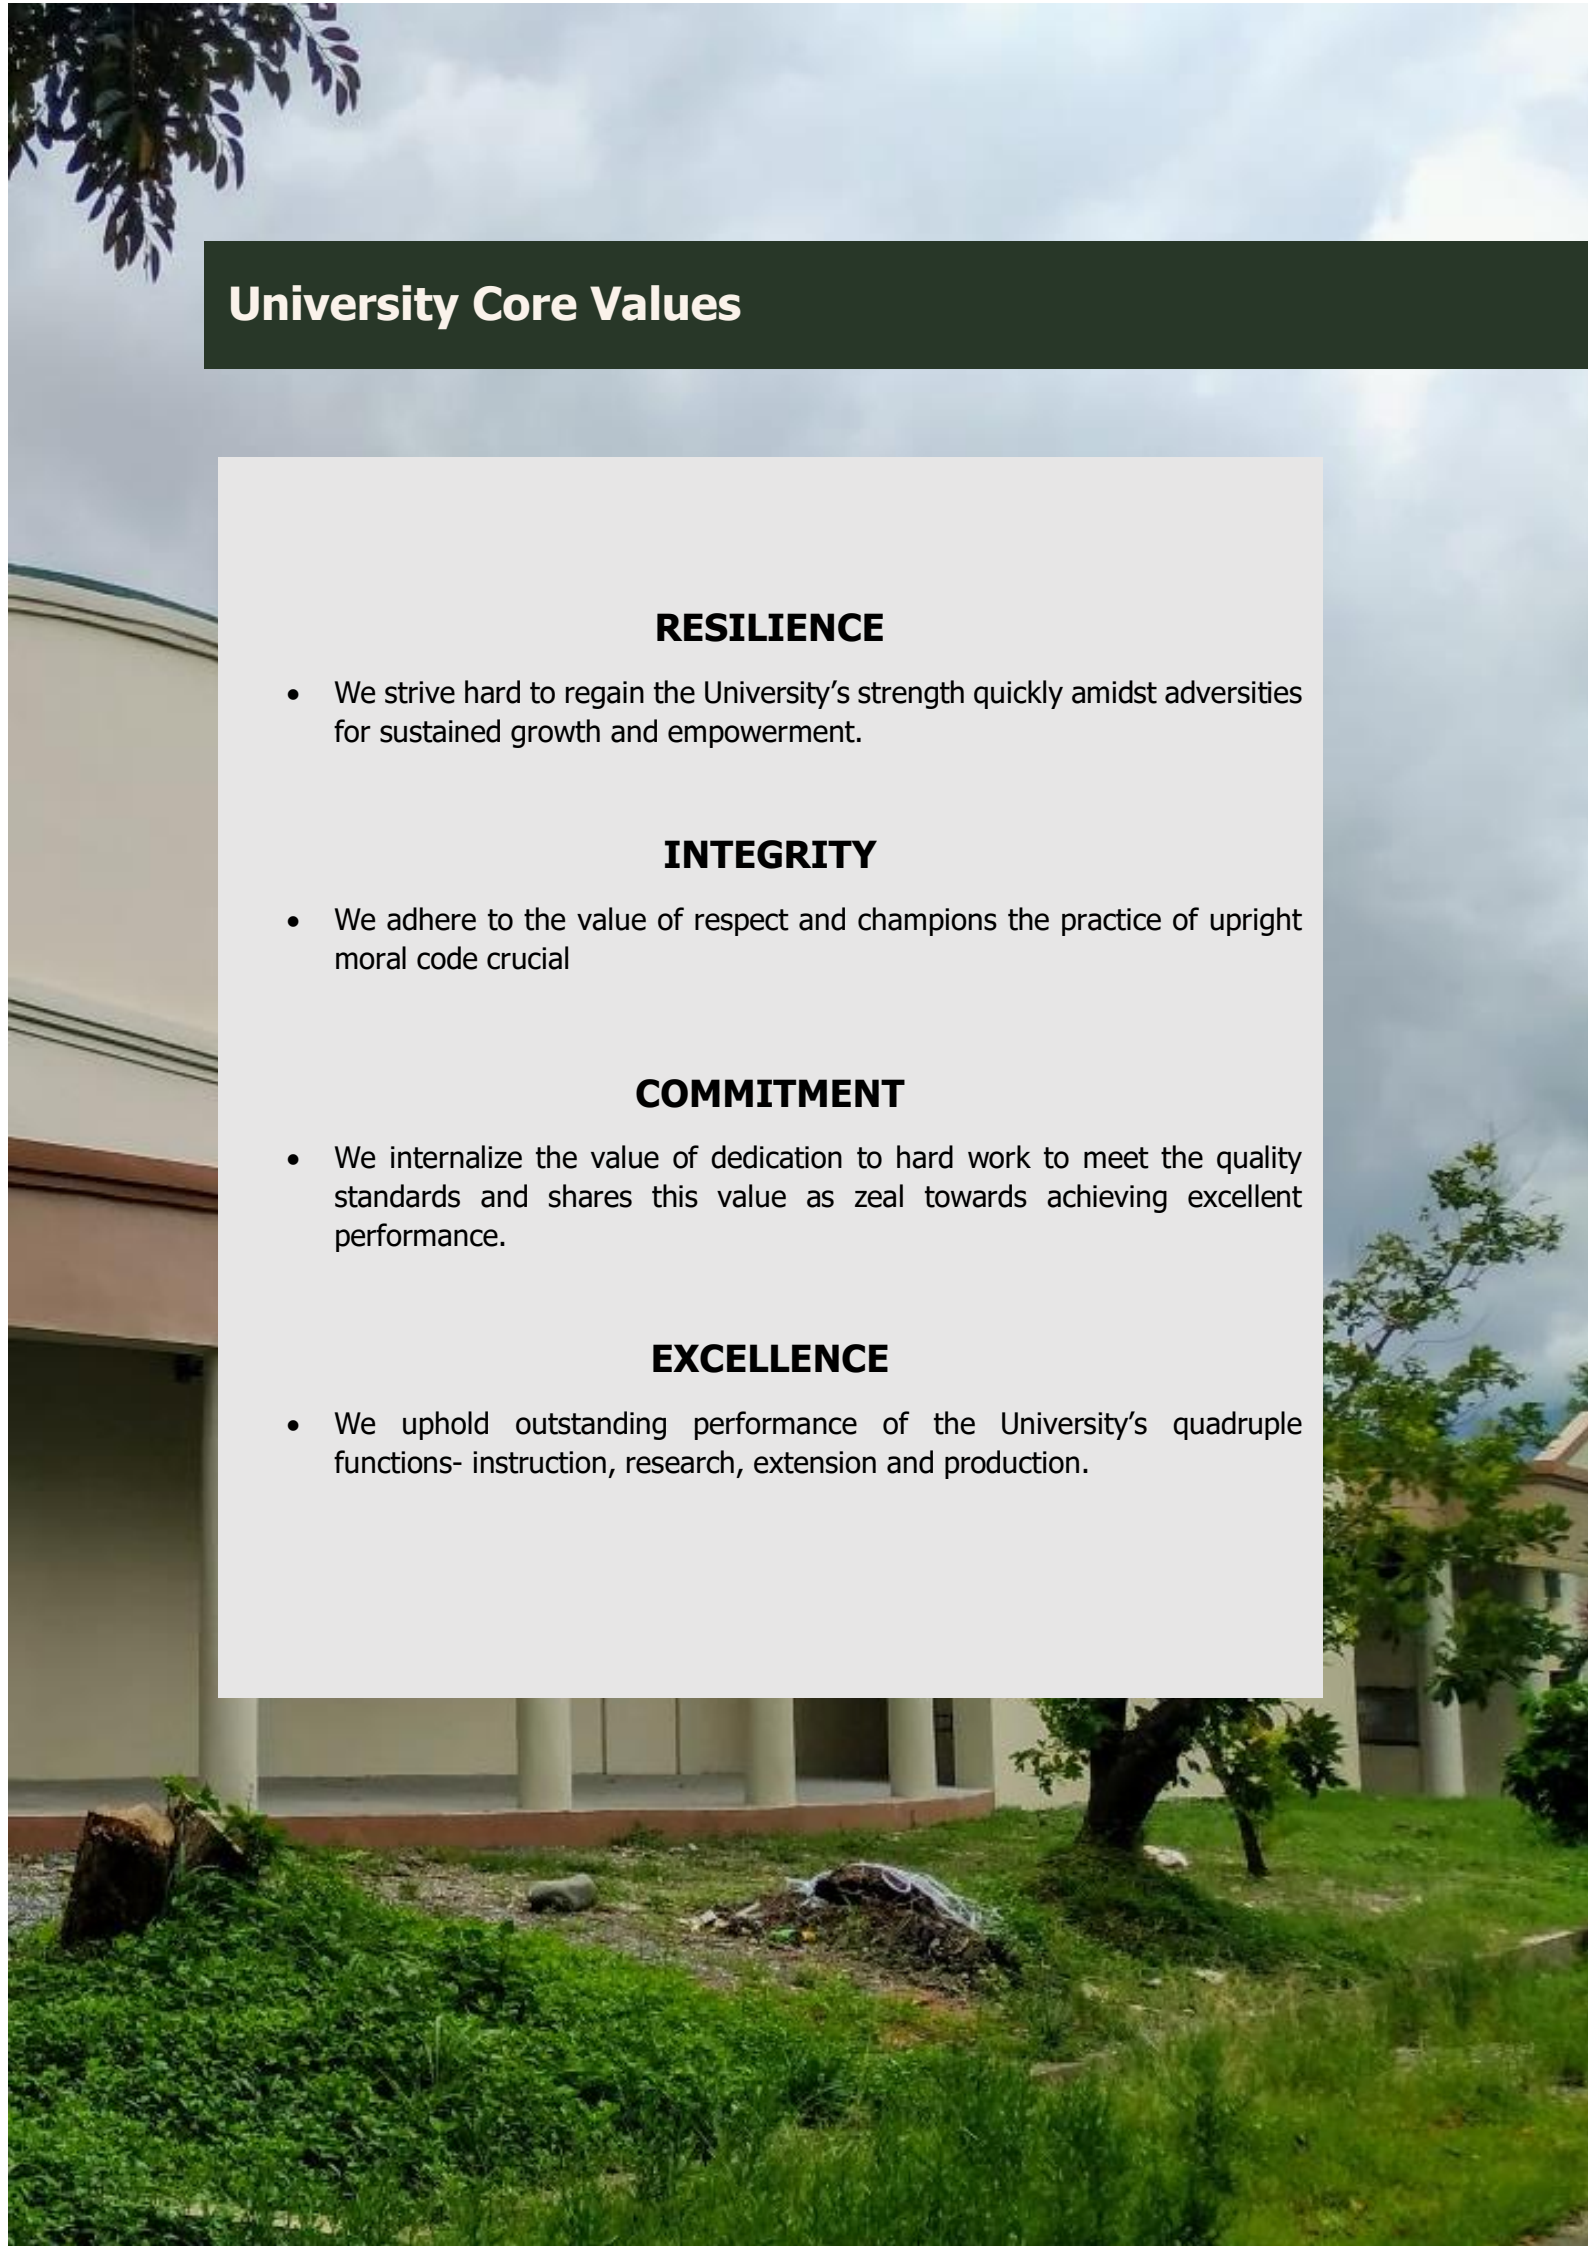

GOAL

Provide and broaden the access to quality education responsive to an ever growing and dynamic society.

OBJECTIVES

Strengthen the capabilities of the institution to:

1. Offer quality education;
2. Provide opportunities for the youth to develop their potentials as human beings and as productive members of the society;
3. Expand financial assistance to poor but deserving students toward greater access to education;
4. Maximize productivity to sustain income generation;
5. Intensify research and extension services which are relevant to the needs of the community.

University Core Values

RESILIENCE

- We strive hard to regain the University's strength quickly amidst adversities for sustained growth and empowerment.

INTEGRITY

- We adhere to the value of respect and champions the practice of upright moral code crucial

COMMITMENT

- We internalize the value of dedication to hard work to meet the quality standards and shares this value as zeal towards achieving excellent performance.

EXCELLENCE

- We uphold outstanding performance of the University's quadruple functions- instruction, research, extension and production.

Higher Education Services

FY 2023 embarks the start of ensuring transformative learning for all for improvement of Philippine higher education.

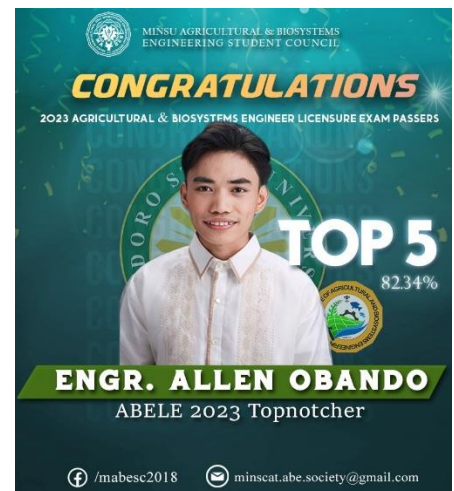

Anchored on the 8-Point Socio-Economic Agenda of President Ferdinand R. Marcos Jr., education plays a crucial role in human capital development where the country's economic growth primarily depends.

The FY 2023 accomplishments of the University in Higher Education Program is a reflection of development planning, implementation of effective strategies and interventions for the attainment of set targets.

The University was able to strengthened its efforts in continuous submission of its programs for AACCUP accreditations as well as notable increase in the enrollment for RDC-identified and CHED Priority Courses.

Equal efforts were also exerted in the tracing of employability of the University graduates. Meeting the target for employability exhibits the skills development of students required for rapidly changing labor market requirements and conditions.

Lastly, the performance of the University in various licensure examinations is a result of adequate academic preparation and an influencing factor in the transition from students' graduation to students' employment.

Curricular Offerings

The University offers the following programs in its three campuses; 90% of the undergraduate programs are RDC-Identified and CHED-Identified Priority Courses.

Victoria – Main Campus - (Alcate, Victoria, Oriental Mindoro)

Graduate Programs	
1	Doctor of Education major in Educational Management
2	Doctor of Philosophy in Crop Science
3	Master of Arts in Education
4	Master of Science in Agriculture
5	Master in Business Administration
6	Master in Public Administration
Undergraduate Programs	
1	Bachelor of Science in Agriculture
2	Bachelor of Science in Agroforestry
3	Bachelor of Science in Horticulture
4	Bachelor of Science in Agricultural and Biosystems Engineering
5	Bachelor of Secondary Education
6	Bachelor of Elementary Education
7	Bachelor of Science in Entrepreneurship
8	Bachelor of Science in Tourism Management
9	Bachelor of Science in Information Technology
10	Bachelor of Science in Environmental Science
11	Bachelor of Arts in English Language

Bongabong Campus – Labasan, Bongabong, Oriental Mindoro

Undergraduate Programs	
1	Bachelor of Science in Fisheries
2	Bachelor of Secondary Education
3	Bachelor of Elementary Education
4	Bachelor of Science in Information Technology
5	Bachelor of Science in Computer Engineering
6	Bachelor of Science in Entrepreneurship with specialization in Farm Business
7	Bachelor of Science in Tourism Management
8	Bachelor of Science in Hospitality Management
9	Bachelor of Science in Criminology
10	Bachelor of Science in Political Science

Calapan Campus – Masipit, Calapan City, Oriental Mindoro

Undergraduate Programs	
1	Bachelor of Technical Vocational Teacher Education
2	Bachelor of Technology and Livelihood Education
3	Bachelor of Secondary Education
4	Bachelor of Science in Tourism Management
5	Bachelor of Science in Hospitality Management
6	Bachelor of Arts in Psychology
7	Bachelor of Arts in English Language
8	Bachelor of Science in Criminology
9	Bachelor of Science in Information Technology

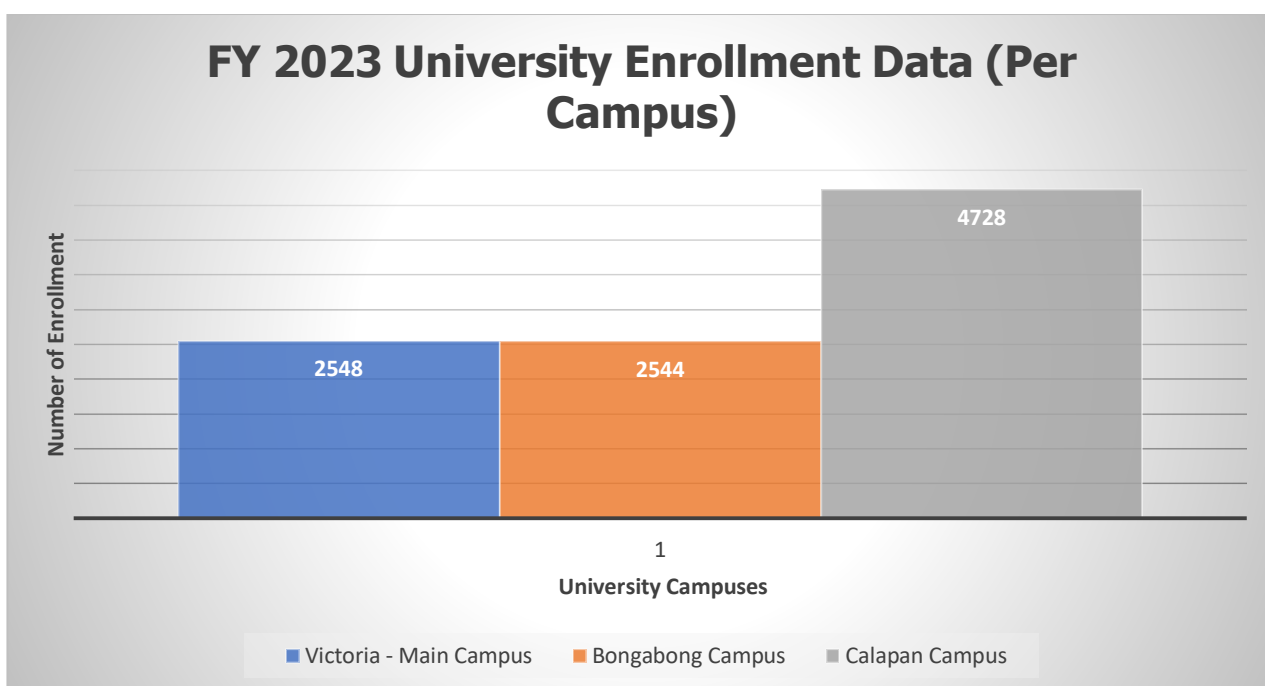

Enrollment Data

The University's enrollment increased from 9755 in FY 2022 to 9820 in FY 2023.

Victoria – Main Campus – Alcate, Victoria, Oriental Mindoro

HIGHLIGHTS OF STUDENT ACTIVITIES

1st PSABE MIMAROPA Regional Convention

February 22-24, 2023

Mindoro State University

The **Philippine Society of Agricultural and Biosystems Engineers (PSABE)** MIMAROPA Chapter holds its 1st PSABE Regional Convention on February 22 to 24, 2023 at University Auditorium, MinSU Main Campus. The convention aims to refresh the ABE Professionals and Pre-Professionals in the plans, programs and accomplishments of the ABE Society, to guide the ABE Professionals in the proper practice of the profession, to update some ABE technology for food security and sustainability, and to involve and prepare the ABE Pre-Professionals in the field of Agriculture and Biosystems engineering.

With this convention, the Bureau of Agricultural and Fisheries Engineering conducted a cascading session on the Road Map on National Agricultural and Fisheries Modernization to guide the LGUs in the implementation of agriculture development programs and projects in their respective localities. This activity was organized by IABE-Minsu and PSABE Oriental Mindoro Chapter and was participated by IABE faculty and selected BSABE students.

PSABE Annual National Convention

April 24-28, 2023

SMX Convention Center, Mall of Asia, Pasay City

The **Philippine Society of Agricultural and Biosystems Engineers (PSABE)** holds its 34th Philippine Agricultural Engineering Week, 19th International Agricultural Engineering Conference and Exhibition and 72nd PSABE Annual National Convention held at SMX Convention Center, Mall of Asia, Pasay City last April 24 to 28, 2023 and was participated by Engr. Joco, Engr. Paralejas, Engr. Hernandez and Engr. Reyes.

PSABE-PPG Annual National Convention

April 24-28, 2023

SMX Convention Center, Mall of Asia, Pasay City

The **Philippine Society of Agricultural and Biosystems Engineers (PSABE) Pre-Professional Group** holds its Annual Convention concurrent with the 34th Philippine Agricultural Engineering Week, 19th International Agricultural Engineering Conference and Exhibition and 72nd PSABE Annual National Convention held at SMX Convention Center, Mall of Asia, Pasay City last April 24 to 28, 2023. This was participated BSABE students and were accompanied by Engr. Joco, Engr. Paralejas, Engr. Hernandez, and Engr. Reyes as coaches in some of the competitions conducted. MinSU delegates ranked 1st in the competition conducted among the PSABE-PPG participants from different SUCs offering BSABE program.

Southeast Asian Agricultural and Food Engineering Student Chapter ARC

April 20-26, 2023

Universiti Putra Malaysia, Serdang, Selangor, Malaysia

9TH SOUTHEAST ASIAN AGRICULTURAL AND FOOD ENGINEERING STUDENT CHAPTER ANNUAL REGIONAL CONVENTION 2023 (ARC2023)

held at **UNIVERSITY PUTRA MALAYSIA, SERDANG SELANGOR MALAYSIA** last August 20-26, 2023

Greetings from
Pres. Levy B. Arago, Jr. and MinSU Family!

Congratulations!

Adviser/Coaches:
ENGR. JERREL S. REYES AND ENGR. CHRISTIAN B. HERNANDEZ

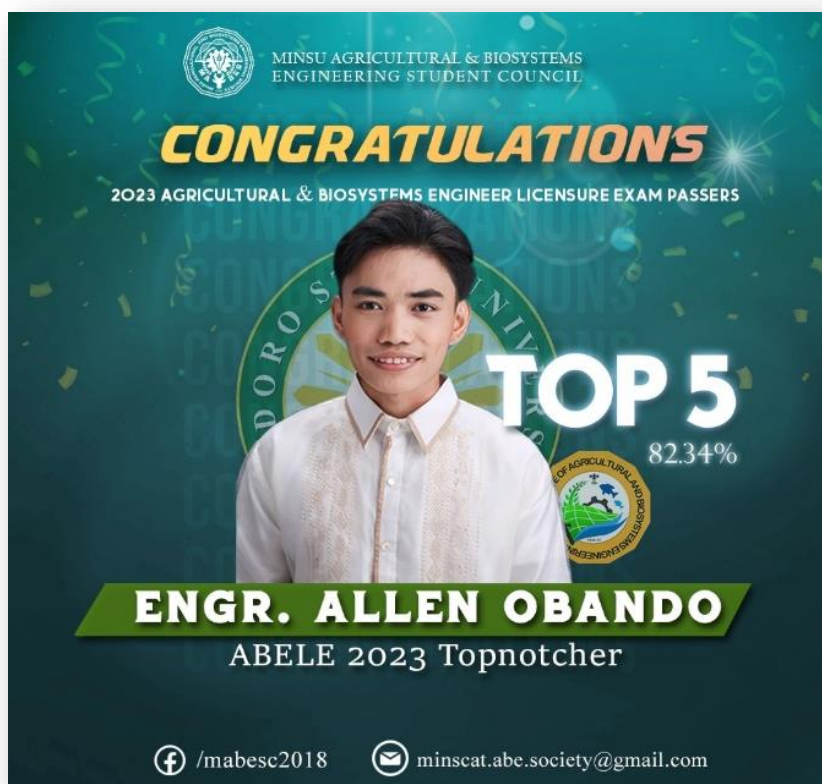

The Malaysian Society of Agricultural and Food Engineers (MSAE) together with the Department of Biological and Agricultural Engineering, Faculty of Engineering, Universiti Putra Malaysia organized the 9th Southeast Asian Agricultural and Food Engineering Student Chapter Annual Regional Convention 2023 (ARC2023) held at Faculty of Engineering, Universiti Putra Malaysia, Serdang, Selangor, Malaysia last August 20 to 26, 2023. This was participated by 10 BSABE students accompanied by Engr. Hernandez and Engr. Reyes as coaches. Participants bagged several awards in the said competition.

Agriculture & Biosystems Licensure Examination Passers Recognition Program

November 13, 2023

Mindoro State University – Alcate, Victoria, Oriental Mindoro

To recognize the new Agricultural and Biosystems Engineers who passed the September 2023 Agricultural and Biosystems Engineering Licensure Examination, the Institute of Agricultural and Biosystems Engineering spearheads this ABELE Passers Recognition Program.

Fifteen out of twenty-four takers passed the said examination with a total institutional passing percentage of 62.50%. MinSU was able to surpass the national passing percentage of 33.41%.

The University also commends the performance of **Engr. Allen Magnaye Obando**, Top 5 of the said September 2023 Agricultural and Biosystems Engineering Licensure Examination.

Six hundred fifteen (615) passers emerged from one thousand eight hundred forty-one (1,841) examinees across the country.

3rd National ISITE Conference

March 17, 2023

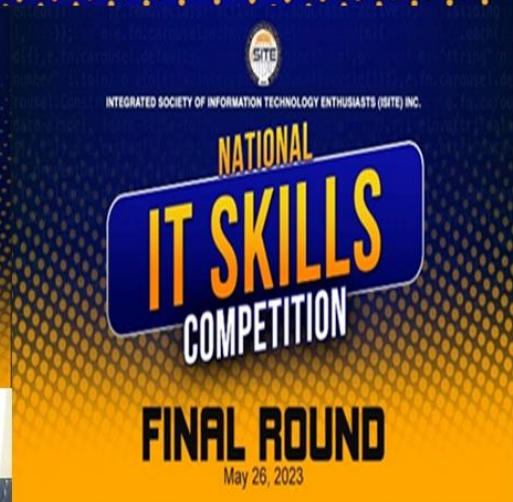

Lyceum of the Philippines University-Laguna

The **Integrated Society of the Information Technology Enthusiasts (iSITE)** an organization that offers opportunities for learning, enhance students' knowledge and skills through seminars, workshops and conferences by providing the latest trends, updates and developments in the field of Computer Science and Information Technology conducted the 3rd student conference for the students on "Career Path and Research Conceptualization for Students" that was held on March 17, 2023 at Lyceum of the Philippines University-Laguna at Makiling, Laguna.

National IT Skills Competition

May 9 and 26, 2023
Via Zoom Platform

The **National IT Skills Competition** was organized by ISITE for skills and knowledge enhancement of IT students. Elimination round happened last May 9, 2023 and final round was held last May 26, 2023.

MIMAROPA Regional IT Congress

November 24, 2023

Divine Word College of Calapan

Photo Credit: MinSU CCS Facebook Page

Mindoro State University – College of Computer Studies faculty and students participated in the 5th MIMAROPA Regional IT Congress at the Divine Word College of Calapan (DWCC) on November 24, 2023 with the theme “The Rise of Artificial Intelligence: Transforming Industries and Job Opportunities”.

Information Drive

March 6, 2023

Mindoro State University – Calapan Campus

With the initiative of the College of Criminal Justice Education (CCJE) with the Bureau of Jail Management and Penology (BJMP) – MIMAROPA Region and Office of the Regional Recruitment and Selection Unit (RRSU) of MIMAROPA Region, an Information Drive was conducted at the University Activity Center on March 6, 2023. The personnel from RRSU – MIMAROPA Region talked about the qualifications and benefits of becoming a member of the Philippine National Police (PNP). Constant encouragement to attending students was done to escalate commitment to public service. Students were also given the opportunity to raised their questions and clarifications during the open forum.

Bomb Awareness Seminar

April 17, 2023

Mindoro State University – Calapan Campus

The PNP EOD/K9 Group conducted a Bomb Awareness Seminar which aims to promote awareness on the danger of terrorism as well as proper knowledge in handling threats to the public. This activity also aims to equip the future law enforcers with needed competencies.

Blood Letting Activity

November 2023

Mindoro State University – Calapan Campus

The College of Criminal Justice Education spearheaded the Blood Letting Activity which aims to encourage volunteers from students and MinSU Community to donate blood for the needy.

THE TUMBLER

The Mindoro State University Main Campus' College of Business And Management welcomed participants to its 3-day Intercollegiate Congress of Business and Tourism with the theme "TaraL3T's! Lipad. Layag. Lakbay. Turismo. Voyage Odyssey: A Journey through Air, Sea, and Hospitality."

CCC Convention 2023 "Higher Learning Institutions Grooming Hospitality and Tourism Students in the Spectrum of Success (HEIGHTSSS)"

Kalap Gymnasium, City College of Calapan

June 2, 2023

Sincere congratulations to the following students who made a positive impression by taking part in the various skill competitions during yesterday's CCC Convention 2023 "Higher Learning Institutions Grooming Hospitality and Tourism Students in the Spectrum of Success (HEIGHTSSS)" held at Kalap Gymnasium, City College of Calapan.

- **Mr. Adrian Asturias - BSTM I**
Tourism and Hospitality Quiz Bee, 2nd Place
- **Ms. Jhona Mae Villanueva -BSTM IV**
Flight Announcing, 2nd Place
- **Mr. Jhon Paul Acorda - BSTM II**
Tourguiding, 3rd place

Yesterday was a blast and full of learning for CBM students as the Young Entrepreneurs' Society held its Financial Literacy Seminar and Webinar with the title, "Diversity in Financial Literacy Equals to Growth of a Successful Business", in collaboration with our knowledgeable speakers, Ms. Raja G. Barber and Ms. Luzviminda Dela Cruz, as well as our respected university president, Dr. Levy B. Arago, and Vice President of Academic Affairs, Dr. Nemesio H. Davalos.

Twenty-two students from Bachelor of Science in Tourism Management embarked and faced the real world of tourism industry as they board the MV 2GO MALIGAYA Vessel with Route from Manila – Cebu – Cagayan De Oro and vice versa last April 2023.

Ramos' research entitled "Challenges, Adaptability, and Resilience of Campus Journalists Amidst the COVID-19 Pandemic" was co-authored by The Builders / Ang Pandayan's Co-Adviser Ma'am Christy Suizo.

Dr. Ramos also got elected as the Executive Secretary of School Press Advisers Movement (SPAM) Inc.

SILAKBO | OPISYAL NA MAGASIN NG ANG PANDAYAN

Si•lak•bó:

Biglâ, marahas, at matinding pagpapakita ng gálit, silakbó ng apoy cf outburst— silakbuan, sumilakbo. (Pambansang Diksiyonaryo sa Filipino)

SILAKBO, bilang paglalarawan sa mga kagyat, o hindi inaasahang pagsiklab ng mga sentimyento ng mga musmos na mamamayan—tila walang malay gayong napagkaitan ng lantad na gunam-gunam ng mga mata kahit pa sinubok ng pananahimik gayong umalingawngaw ang nagpupuyos na emosyon.

Gayundin, Ang Pandayan ay ma**SILAKBO**ng tatamasain ang bawat istorya, kuro-kuro, at mga kaganapan na hindi na maaaring ipagsawalangkibo, ang repleka ng mga inosente, ay bibigyang pagkakataon na magkaroon ng muwang sa hindi na muling pagtikom ng bibig upang magpamulat at lantarang pakikisangkot.

Sisiklab. IaLAKbayin. BOBoses.

VaxiMAMA: A WEB-BASED MOTHER AND INFANT MONITORING SYSTEM

Christel Marie H. Dalajoy
BSIT STUDENT

John Edgar S. Anthony
DEAN, CCS

MINDORO STATE UNIVERSITY: Main Campus, Alcala, Victoria, Oriental Mindoro

ABSTRACT

VaxiMAMA is an innovative online healthcare monitoring system designed to meet the specific needs of women and children in Barangay Malaya, Naujan, Oriental Mindoro. Developed collaboratively with the community, healthcare professionals, and stakeholders. It offers a user-friendly interface for streamlined health data management. Notably, VaxiMAMA has significantly improved healthcare outcomes and received high ratings for its functionality and usability, making it a transformative tool for maternal and infant healthcare in Barangay Malaya.

INTRODUCTION

In this era of technological advancement, "VaxiMama: A Web-based Mother and Infant Monitoring System" represents a groundbreaking solution for the healthcare of mothers and infants. This user-friendly platform harnesses the power of technology to monitor, manage, and optimize the well-being of expectant mothers and their newborns. As highlighted in a recent study published in the Journal of Maternal and Child Health (Vol. 34, Issue 2), VaxiMama provides a holistic approach to maternal and infant care, encompassing immunization tracking and developmental milestones. With this system, we embark on a journey towards healthier beginnings and brighter futures for families globally.

OBJECTIVES

Generally, the researchers aim to design and develop VAXIMAMA: A Web-based Mother and Infant Monitoring System.

Specifically, it aims to:

1. design and develop a User-Friendly Web Platform.
2. design and develop an online monitoring system, VaxiMAMA, that can efficiently collect, manage, and retrieve health data, along with the ability to generate real-time reports and alerts.
3. Implement the system for automated data collection, including vaccination schedules, growth milestones, and health records, to minimize manual data entry and errors.

ASSESSMENT

The VaxiMama survey results indicate a high satisfaction rating in all categories, with Usability standing out at 4.75. Performance Efficiency is acceptable at 4.44. Functionality acceptable as well at 4.49, Compatibility scores well at 4.51, and Security and Maintainability are highly rated, both at 4.88 and 4.8, respectively. Portability is also seen positively at 4.75. Overall, VaxiMama received positive feedback with an average rating of 4.49 - highly satisfactory.

IMMUNIZED RECORDS

REPORTS

CONCLUSIONS

1. The development of the Women and Children Health Monitoring System provided a practical solution to track health status and implement protocols for identifying health risks and timely interventions.
2. Researchers had the opportunity to assess the system's effectiveness in improving maternal and fetal health outcomes and enhancing communication between healthcare providers and patients.

RECOMMENDATIONS

1. The application is recommended to regularly update and enhance the monitoring system to incorporate the latest advancements in healthcare technology, ensuring its relevance and effectiveness over time.
2. The study also suggest to conduct community outreach programs to educate residents about the benefits of the monitoring system and how to use it. This can help increase its adoption and impact.
3. Future researchers could upgrade and add new features to the system.

EDUCAID: AN INTERACTIVE AND ONLINE SYSTEM FOR FIRST AID TUTORIALS

Emmanuel Camacho
BSIT Student

John Edgar S. Anthony
CCS, Dean

Abstract

Educaid is a web app offering comprehensive first aid guidance via step-by-step instructions, videos, and images. Evaluated with a questionnaire among 50 users in Victoria, Oriental Mindoro, it showed high reliability and acceptability. Recommendations for improvement include real-time emergency services integration, multilingual support, personalized profiles, community-driven content, and offline access. Educaid serves as a valuable resource for acquiring first aid knowledge.

Introduction

A web application that is develop to offer a wide range of information about first aid effectiveness for various injuries, empowering users with knowledge and tools to administer first aid confidently. It serves as a central hub for essential first aid information, providing insights, step-by-step tutorials, and practical advice. The goal is to reduce risks, increase public preparedness, teach correct procedures, and offer comprehensive medical assistance information, fostering responsible citizenship and potentially saving lives by equipping individuals with vital skills and knowledge. This application bridges the gap in first aid knowledge and aims to create a safer environment where users can confidently and responsibly provide immediate care, potentially saving lives and minimising injury impact.

Objectives

Generally the objective of the study is to develop the Educaid: An Interactive and Online System for First Aid Tutorials. Specifically, it aims to:

1. Design and Develop a web application that will provide simple, informative tutorials for handling emergencies, giving people the skills and knowledge to respond effectively to specific injuries and situations.
2. Design and Develop a web application that will enhance patient safety by minimizing risks, raising public awareness and readiness through Educaid. Teach individuals the right first aid techniques, fostering responsible citizenship and empowering them to save lives.
3. Design and Develop a web application that will give access to tutorials and resources, aiming to boost individuals' confidence in emergency response, ultimately reducing risks and improving outcomes.

Methods

Agile Methodology enables the system to deliver value to user with fewer complications by systematically managing projects.

PHP is capable of saving the data of the users.

JavaScript is used in searching for various case

The MySQL serves as the Database of the System

Evaluation

The System was evaluated using ISO 25010 criteria. The system got an overall rating of 4.53 signifying its high level of acceptability.

Qualification of the system	Rating
Functional Suitability	4.53
Reliability	4.6
Performance Efficiency	4.51
Compatibility	4.56
Security	4.5
Portability	4.54
Interoperability	4.53
Overall	4.53

Results

CPR PAGE

SERVICES PAGE

MAP

CONTACTS

Conclusions

1. Educaid was a user-friendly web-based application that provided comprehensive knowledge and practical guidance for first aid. Its step-by-step instructions and integrated map feature enhanced decision-making.
2. Educaid's effectiveness and reliability in emergency situations were demonstrated by its intuitive interfaces, clear tutorials, and accurate information across various medical domains.

Recommendations

1. Combine real-time emergency services for a more thorough emergency response system.
2. Add multilingual support to enhance accessibility for diverse language speakers.
3. Introduce personalized user profiles for quick access to essential information during emergencies, including preferences, medical history, and emergency contacts.
4. Enable a community-driven content section for users to share first aid tips, stories, and experiences, promoting knowledge exchange and building a user community.

AnatomyExplorer: An Interactive and Educational Web Application for Learning Human Anatomy for High School Students

SUNSHINE H. BERSOTO
BSIT Student

JOHN EDGAR S. ANTHONY
CCS, Dean

ABSTRACT

AnatomyExplorer was a web application designed to provide high school students with an educational and interactive learning experience in the field of human anatomy. The system enabled users to read lessons about human anatomy. It also had quizzes to test the students' knowledge and offered trivia to make the learning experience more engaging. Additionally, to captivate and entertain users, the system came with a game page.

INTRODUCTION

Human organs and organ systems are frequently not conceptualized properly. In line with that, understanding the inner structure of the human body is a fundamental requirement for the development of health awareness (Damerau et al. 2022). Addressing the challenges faced by high school students, the researchers have developed a system where they will gain basic knowledge about how different organs or human body structures work together. This web application serves as a solution for the high school student's problem in difficulties figuring out the structure of human anatomy engagingly and excitingly.

OBJECTIVES

The general objectives to help High School students in learning the fundamental concepts of human anatomy.

Specifically, it seeks to:

1. Create an interactive Human Anatomy web app especially for High School students.
2. Develop a web application that will test if the students fully understand what the functions of each body structure are.
3. Design a web application that is engaging and easy to use even for High School students.

METHODS

RAD Model
(Rapid Application Development) is a software development process based on prototyping without any specific planning.

MySQL
is a relational database management system that stores all the information you need to run complex websites.

HTML5
is the standard markup language used to create web pages and web applications.

PHP
is a popular server-side scripting language designed for web development.

JavaScript
is a computer programming language commonly used to create interactive effects within web browsers.

QUIZ

ADMIN PAGE

EVALUATION

The system was evaluated using ISO 25010 criteria. The system got an overall mean of 4.45 with a verbal interpretation of Acceptable.

CONCLUSIONS

1. The system provided an interactive feature for learning human anatomy.
2. It also met the desired standards making it a reliable and effective solution for its intended purpose.
3. It provided an engaging and user-friendly system.

RECOMMENDATIONS

1. Utilize the interactive human anatomy learning web application to enhance the learning experience.
2. Teachers can integrate the web application into their teaching methods.
3. To future researchers, it is recommended to expand and make improvements to its features.

MINDORO STATE UNIVERSITY- COLLEGE OF COMPUTER STUDIES- MAIN CAMPUS

NEGATIVE EFFECTS OF USING GADGETS TOWARDS CHILDREN'S PHYSICAL HEALTH ON GRADE 6 STUDENTS IN MACES A.Y. 2022-2023

MEGAN KADEE R. MARIN
BSIT STUDENT

JOHN EDGAR S. ANTHONY
CCS, DEAN

ABSTRACT

This research study examined the negative effects of gadget usage on the physical health of Grade 6 students at MacES during the academic year 2022-2023. The data is collected through interviews and observation. The results provide insights into physical health issues associated with excessive gadget usage, including a sedentary lifestyle, reduced physical activity, poor posture, musculoskeletal problems, and eye strain.

INTRODUCTION

Technology has become so well-known that everyone cannot live without it. The advancement of technology makes our work much easier. According to the article by Scott Stueber (2019), the overuse of mobile devices can damage children's physical health as they consume their time in front of their screens, and the less time they spend outside doing physical activities leads to obesity and health problems. Meanwhile, according to the article Negative effects of technology: What to know by Jon Johnson (February 25, 2020), which is medically reviewed by Timothy J. Legg, Ph.D., PsyD, physical health may be affected by using technology that can harm the eyes, the posture of the body, sleep problems, and weak performance in physical activities and diet.

OBJECTIVES

1. Discover the negative effects of gadgets in children's physical health.
2. Determine the screen time of the students in using the gadgets.
3. To find out how gadget affect the improvement of physical health of the children.
4. To assess how parents can teach their children to use gadgets responsibly to lessen the effect of gadgets.

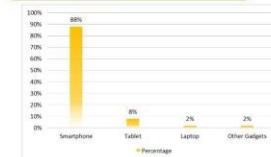

METHODS

- ✓ Research Design: Descriptive Survey
- ✓ Sampling Technique: Total Population Sample
- ✓ Target Samples : 50 respondents
- ✓ Research Instrument: Survey Questionnaire
- ✓ Statistical Tool : Mean and Frequency Distribution

CONCLUSIONS

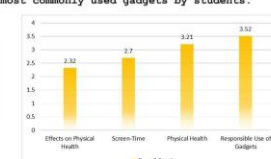

- Students generally have a moderate level of gadget usage, engaging in activities beyond just an hour and using them during free time.
- Immediate usage of gadgets upon waking up, continuous hours of usage, and excessive screen exposure are relatively rare.
- Students are actively involved in physical activities however, they may experience tiredness.
- The respondents exhibit good awareness of the negative effects of gadget usage.
- The respondents demonstrate self-control and responsibility in their gadget usage, although there is still room for improvement.

RESULTS AND DISCUSSION

Gadget Type	Percentage
Smartphone	88%
Tablet	8%
Laptop	2%
Other Gadgets	2%

Table 1 shows that 88% or 44 out of 50 responses indicated that smartphones are the most commonly used gadgets by students.

Category	Mean Score
Effects on Physical Health	3.32
Screen-Time	3.7
Physical Health	3.21
Responsible Use of Gadgets	3.52

Table 2 shows the overall mean scores for each of the four categories in the study: Effects on Physical Health, Screen-Time, Physical Health, and Responsible Use of Gadgets.

RECOMMENDATIONS

- Further research should be conducted to assess the long-term effects of gadget usage on students' health and well-being. This can provide more insights into specific strategies and interventions to mitigate potential negative impacts and promote healthy gadget use among students.
- Parents or family members should consider answering the survey questionnaire so that there would be more accuracy in the data needed.

E-HANDA: A MUNICIPAL RISK REDUCTION MANAGEMENT WEB APPLICATION WITH SMS NOTIFICATION FOR MUNICIPALITY OF VICTORIA

Portuguiz, Ischy
BSIT STUDENT

John Edgar S. Anthony
CCS, Dean

ABSTRACT

E-HANDA is a web and mobile application developed for municipal risk reduction in Victoria. It includes features for managing activities, data analysis, and SMS notifications for natural disasters. The system aims to enhance risk management and disaster alerts.

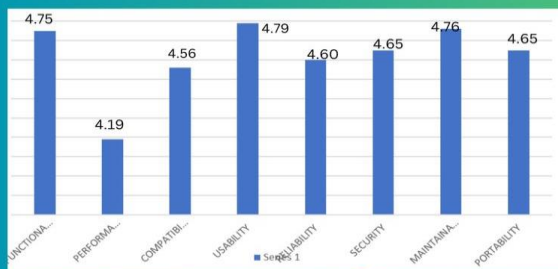

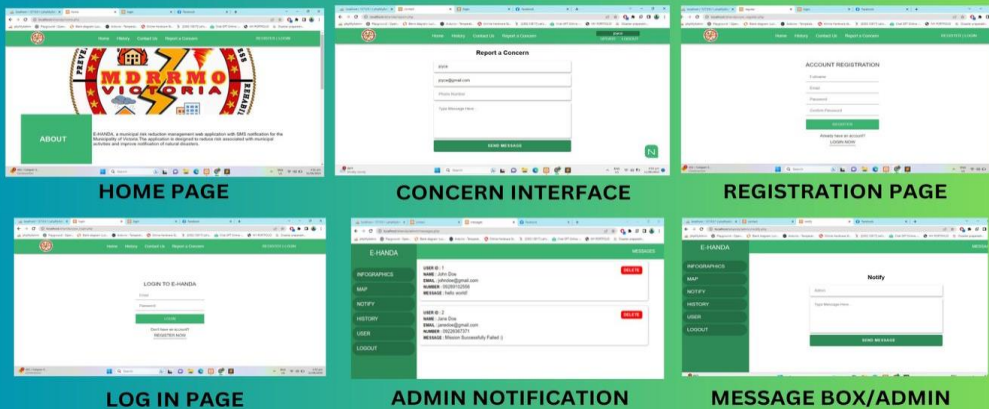

INTRODUCTION

E-HANDA Disaster management is a responsibility shared by central and local governments, guided by principles like speed, prioritization, coordination, and efficiency. Its primary goal is to protect society from various disasters. Web services and their classification by domain are crucial for effective disaster response and risk reduction.

METHODS

SYSTEM OUTPUT

RESULTS AND DISCUSSION

The system was evaluated using ISO 25010 criteria. The system got an overall mean 4.62 with the verbal interpretation Very acceptable.

CONCLUSIONS

- With its user-friendly interface and comprehensive features, the E-HANDA system can streamline the risk reduction management process, allowing users to easily input, track, and analyze data related to risks and incidents.
- The system promotes better decision-making and enables proactive planning to mitigate risks and respond effectively to emergencies.

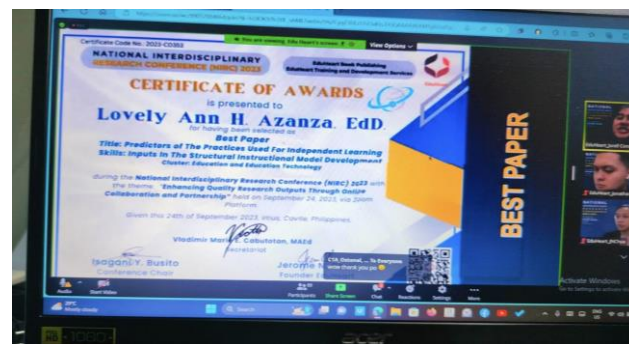

RECOMMENDATIONS

- User Training :To ensure they are familiar with its features, functionalities, and best practices for data input and management
- Continuous Improvement: Regular updates and inducements
- Integration Collaboration: Collaborate with other stakeholder
- Security Measures

12th MIMAROPA Health Research & Development Consortium Research Papers and Posters presentation.

CALL FOR PAPERS

CALL FOR PAPERS

MIMAROPA HEALTH RESEARCH AND DEVELOPMENT CONSORTIUM (MHRDC)

12TH HEALTH RESEARCH FORUM

NOVEMBER 14-15, 2023

“Responsive Health Research: Community Adaptation and Resilience through Evidence-based solutions (CARE)”

The highlight of this forum is the Health Research Paper and Poster Presentation Competition (Professional and Student Categories) of completed health and health-related research conducted by the member institutions in MIMAROPA Region.

Deadline of Abstract Submission **October 16, 2023**

Notice of Acceptance **October 30, 2023**

For more information, you may visit: <https://bit.ly/MHRDC12HRE>

or contact Ms. Bea Trixia Felia-Veneracion and Mr. Jasper Gloria via email at mhrdc.secretariat2020@gmail.com

CALL FOR PAPERS

Asian Journal of Agriculture and Development (AJAD)

original research articles, case studies, research notes, and policy perspectives on **Digital Technologies in Agriculture**, such as robotics and drones, IoT, AI, blockchain, and data analytics

SEAMEO SEARCHA

2ND MCC Research & Development COLLOQUIUM

Theme: Industry, Education, Research and Development: Drivers of Sustainability and Innovation

Plenary Speakers

PROF. DR. ATIF HASSAN
Professor of Management/Head of Value Cluster, School of Business, Beaconhouse National University, Lahore

DOMINIQUE DG. CASTRO
Proprietor, Yamang Ani AgriVentures, Papercoat Office Supplies and Equipment Trading, and Sayoneta Industrial Equipment Trading

20-22 FEB 2023 **8:00 AM to 5:00 PM** **MCC ACTIVITY CENTER**
MASIPIT, CALAPAN CITY, ORIENTAL MINDORO

Philippine Association of Agriculturists- Tamarind Chapter
Pampanga State Agricultural University

INTERNATIONAL CONFERENCE on Agricultural Sciences and Technology (ICAST)

Theme: “Digitally Sustaining Our Future: Exploring the Application of Emerging Technologies for Food Security and Sustainability”

March 13 – 15, 2024 | Royce Hotel, Clark, Angeles City, Pampanga

Co-Organized by: **SEARCHA**, **AAACU**, **SAFENETWORK**

Sponsored by: **ATI - Region 3**

Call for Papers:

- A. Smart Farming Technologies and Innovations
- B. Circular Economy/ Socio-economics and Agri-business
- C. Food and Agriculture Sustainability and Security
- D. Agricultural Extension and Development

Registration Fee:

- Participants only - Php – 5,500.00
- Paper Presenter - Php – 6,000.00
- Foreign Participants- USD – 100.00

Opportunities Await!

CPD Points for Agriculturists & Biosystems Engineering
Publication of paper with IOP Scopus Index Proceedings & GPH - International Journal of Agriculture and Research
www.gphjournal.org

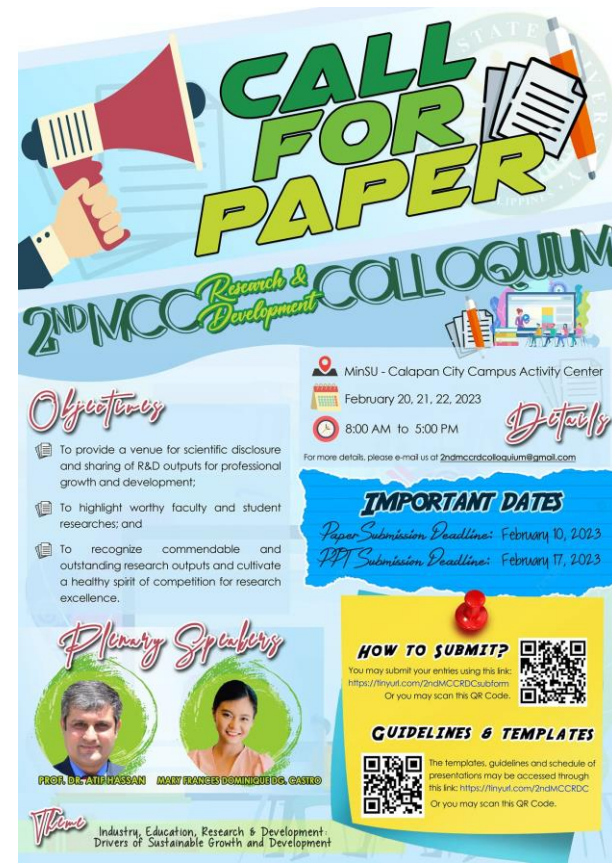

Important Dates to Remember:

- August 29, 2023 - Start of Registration and Abstract Submission
- January 19, 2024 - Deadline of Submission of Abstract
- January 12, 2024 - Submission of Full Paper
- February 16, 2024 - Deadline of Registration

Register here:

Contact Information:

CALL FOR PAPER

2ND MCC Research & Development COLLOQUIUM

Objectives

- To provide a venue for scientific disclosure and sharing of R&D outputs for professional growth and development;
- To highlight worthy faculty and student researches; and
- To recognize commendable and outstanding research outputs and cultivate a healthy spirit of competition for research excellence.

Plenary Speakers

PROF. DR. ATIF HASSAN **DOMINIQUE DG. CASTRO**

MinSU - Calapan City Campus Activity Center
February 20, 21, 22, 2023
8:00 AM to 5:00 PM

Frontiers of the Plant-Based Food Industry [the World and the Philippines]

February 7, 2023 | 1:00 -5:00 PM (PHT) | Zoom

Tentative Philippine industries manufacturing and distributing plant-based food will feature their products:

- Century Pacific Inc. (UniMeat)
- Universal Robina Corporation (Vitasoy Philippines)
- Monde Nissin Corporation (Quorn)

Renowned international and local speakers will present the following topics:

- Participation of the Philippines to the process chain of plant-based food products: Moderately and ultra-processed ingredients and ready meals
- "Plant Protein Transformation": the Philippines ahead of the curve?
- Direction for research and technology development for plant-based food industry in the Philippines
- Plant protein products from Philippine sources: Recent advances in R&D for indigenous plant-based products
- Prospects and acceptance of plant-based meals in the Philippines
- Philippine government assistance in plant-based industries

UPM-SEARCHA INTERNATIONAL RESEARCH KNOWLEDGE ON HALAL INDUSTRY PROGRAM

Brace yourself for an unparalleled odyssey into the realm of halal industry magnificence, orchestrated by none other than The Southeast Asian Regional Center for Graduate Study and Research in Agriculture (SEARCHA) in conjunction with the eminent Universiti Putra Malaysia – Halal Products Research Institute (UPM-HPRI). As the curtains rise on 04-15 September 2023, immerse yourself in the illustrious International Training-Halal Industry Program Certification, set against the breathtaking backdrop of The Everly Hotel, Putrajaya, Malaysia.

PROGRAM OBJECTIVE

To embark on a transformative journey of knowledge and empowerment as the training-workshop sets its sights on unlocking the boundless potential of Halal professionals, practitioners, policymakers, and influential stakeholders. Delve into the realm of International Knowledge on Halal Industry Program, igniting a symphony of exchange and collaboration, paving the way for unprecedented growth and development of the Halal industry in the ASEAN region.

GENDER AND DEVELOPMENT RESEARCH
IN AGRICULTURE, AQUATIC, AND NATURAL RESOURCES

CALL FOR ABSTRACTS

GUIDELINES

Studies:

In Agriculture, Aquatic, and Natural Resources (AANR) with a gender analysis (e.g. sex-disaggregated data, women empowerment, involvement in the decision-making process); include theses of graduates and students; are unpublished works; were completed from 2000 to 2022.

Abstract should:

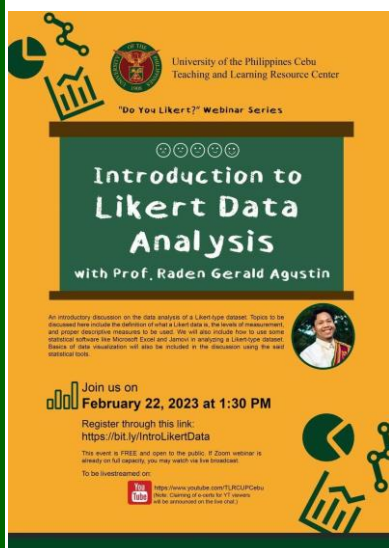

Include introduction, methods, results and discussion, conclusion, and implications include maximum of 6 keywords limit the number of words to 250; spell out all abbreviations the first time these are mentioned; and exclude citations.

A Google Survey Form needs to be answered prior to submission.

Visit bit.ly/GAD-AANR or scan to access form and submit abstracts.

"Do You Likert?" Webinar Series

Introduction to Likert Data Analysis
with Prof. Raden Gerald Agustin

An introductory discussion on the data analysis of a Likert-type data. Topics to be discussed here include the definition of what a Likert data is, the levels of measurement and proper descriptive measures to be used. We will also include how to use some statistical software like Microsoft Excel and Jamovi in analyzing a Likert-type dataset. Results of data visualization will also be included in the discussion using the best statistical tools.

Perennial-progressivism—P2: an avant-garde cross breed philosophy of education for the 21st century

Eugene Victoriano De Guzman
College of Arts and Science (CAS) Mindanao State University - Bangsamoro Campus (Philippines)
eugenevg@msu-bcm.edu.ph

DOI: <https://doi.org/10.3390/toxics11030286>

Keywords: Perennialism, Progressivism, Philosophy, Education, Status Quo

ABSTRACT
Essentially, philosophies of education in education and the education per se have a pragmatic significance in socio-political life of a society. Philosophies of education are not solely dependent to provide theories or as an principles in education but also directed to advance practices following the values and needs of the particularly in society – the common denominator of Philosophy of education is to reap good citizen and human being. It is to say that one of the essential features of philosophy of education is to bring education in touch in the rapid pace of time by being flexible, responsive, and sensitive in the various concerns and issue of a particular nation state. Philosophy of education is understood as a critical view that goes as deep as to meet about everything that happens. This century is being characterized as the "disinformation" or "fake news" era due to the negative consequence of the social media and the environment where the learner's doubt, in the same manner, critical issue become a serious issue. Thus, this century education should attend to the progress and demand of the time, leading to a new paradigm. Philosophy of education, the perennialism and progressivism, this article aims to find out and design an effective methodology and principle on education that cater a response to the demand of the nation state by meeting the above-stated philosophy of education. The trend of Philosophy of education will be called Perennial-Progressivism with various P2. These philosophies of education would not be effective if it will be used in isolated instances – use a particular philosophy of education as a certain context due to contextual gap of the nation and the context. Likewise, there are shortcomings that a particular philosophy of education possesses which on the other hand is in the demand of the context. Hence, a combination of a mix breed of at least two philosophies of education that has been scrutinized and made it relevant to the needs and demand of the context would be an effective one given such considerations.

Problem-Solution fit
Design Thinking for Researchers

We are inviting researchers planning to submit proposals to the DOST call for proposals this coming September of 2023!

Who can JOIN?
Faculty researchers and/or research team members looking to submit for grant proposals.

Schedule
* Every Wed & Friday (1-3pm) from July 14, 2023 to August 16, 2023.

Session Details
10 Sessions to be held online via zoom hosted by UPSikLab.

Output
Mock Technical Panel Presentation at the end of the program and research proposal for DOST grant applications.

Learning Topics

- Executive Briefing
- Success Stories
- Basic Tech Transfer and Customer Discovery Principles
- Ecosystem/ Stakeholder Mapping (Roles of Industry Partners)
- Problem Identification
- Research Impact
- Case Assessment (ICANVAS)
- Industry Matching
- Interviewing Industry Mentors
- Industry Mentor Interview Output
- Design Thinking
- Conceptualizing the Research Proposal
- MVP Validation Output

COLLABORATE
Establish partnerships with potential industry collaborators

DEVELOP
Develop a deployable prototype that addresses the needs of target customers

DEPLOY
Assist researchers in chosen mode of technology transfer: industry licensing or spin-offs, etc.

NOW ACCEPTING APPLICATIONS
Deadline: July 13, 2023

PROGRAM
EXPENDITURE
CLASSIFICATION
ACCOMPLISHMENTS

2023

10 Target

Accomplished **30**

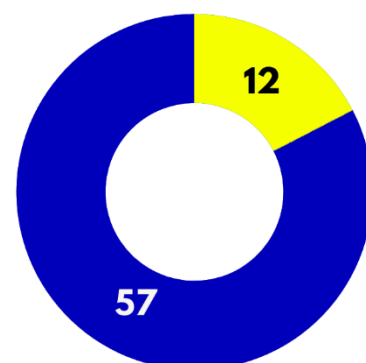

Number of Trainees weighted by the length of training

- Number of partnerships with LGUs, industries, NGOs, NGAs, SMEs and other stakeholders as a result of extension activities

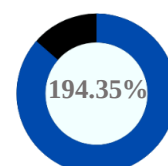

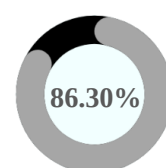

- Number of extension programs organized & supported consistent with the SUCs mandated & priority programs.

Target

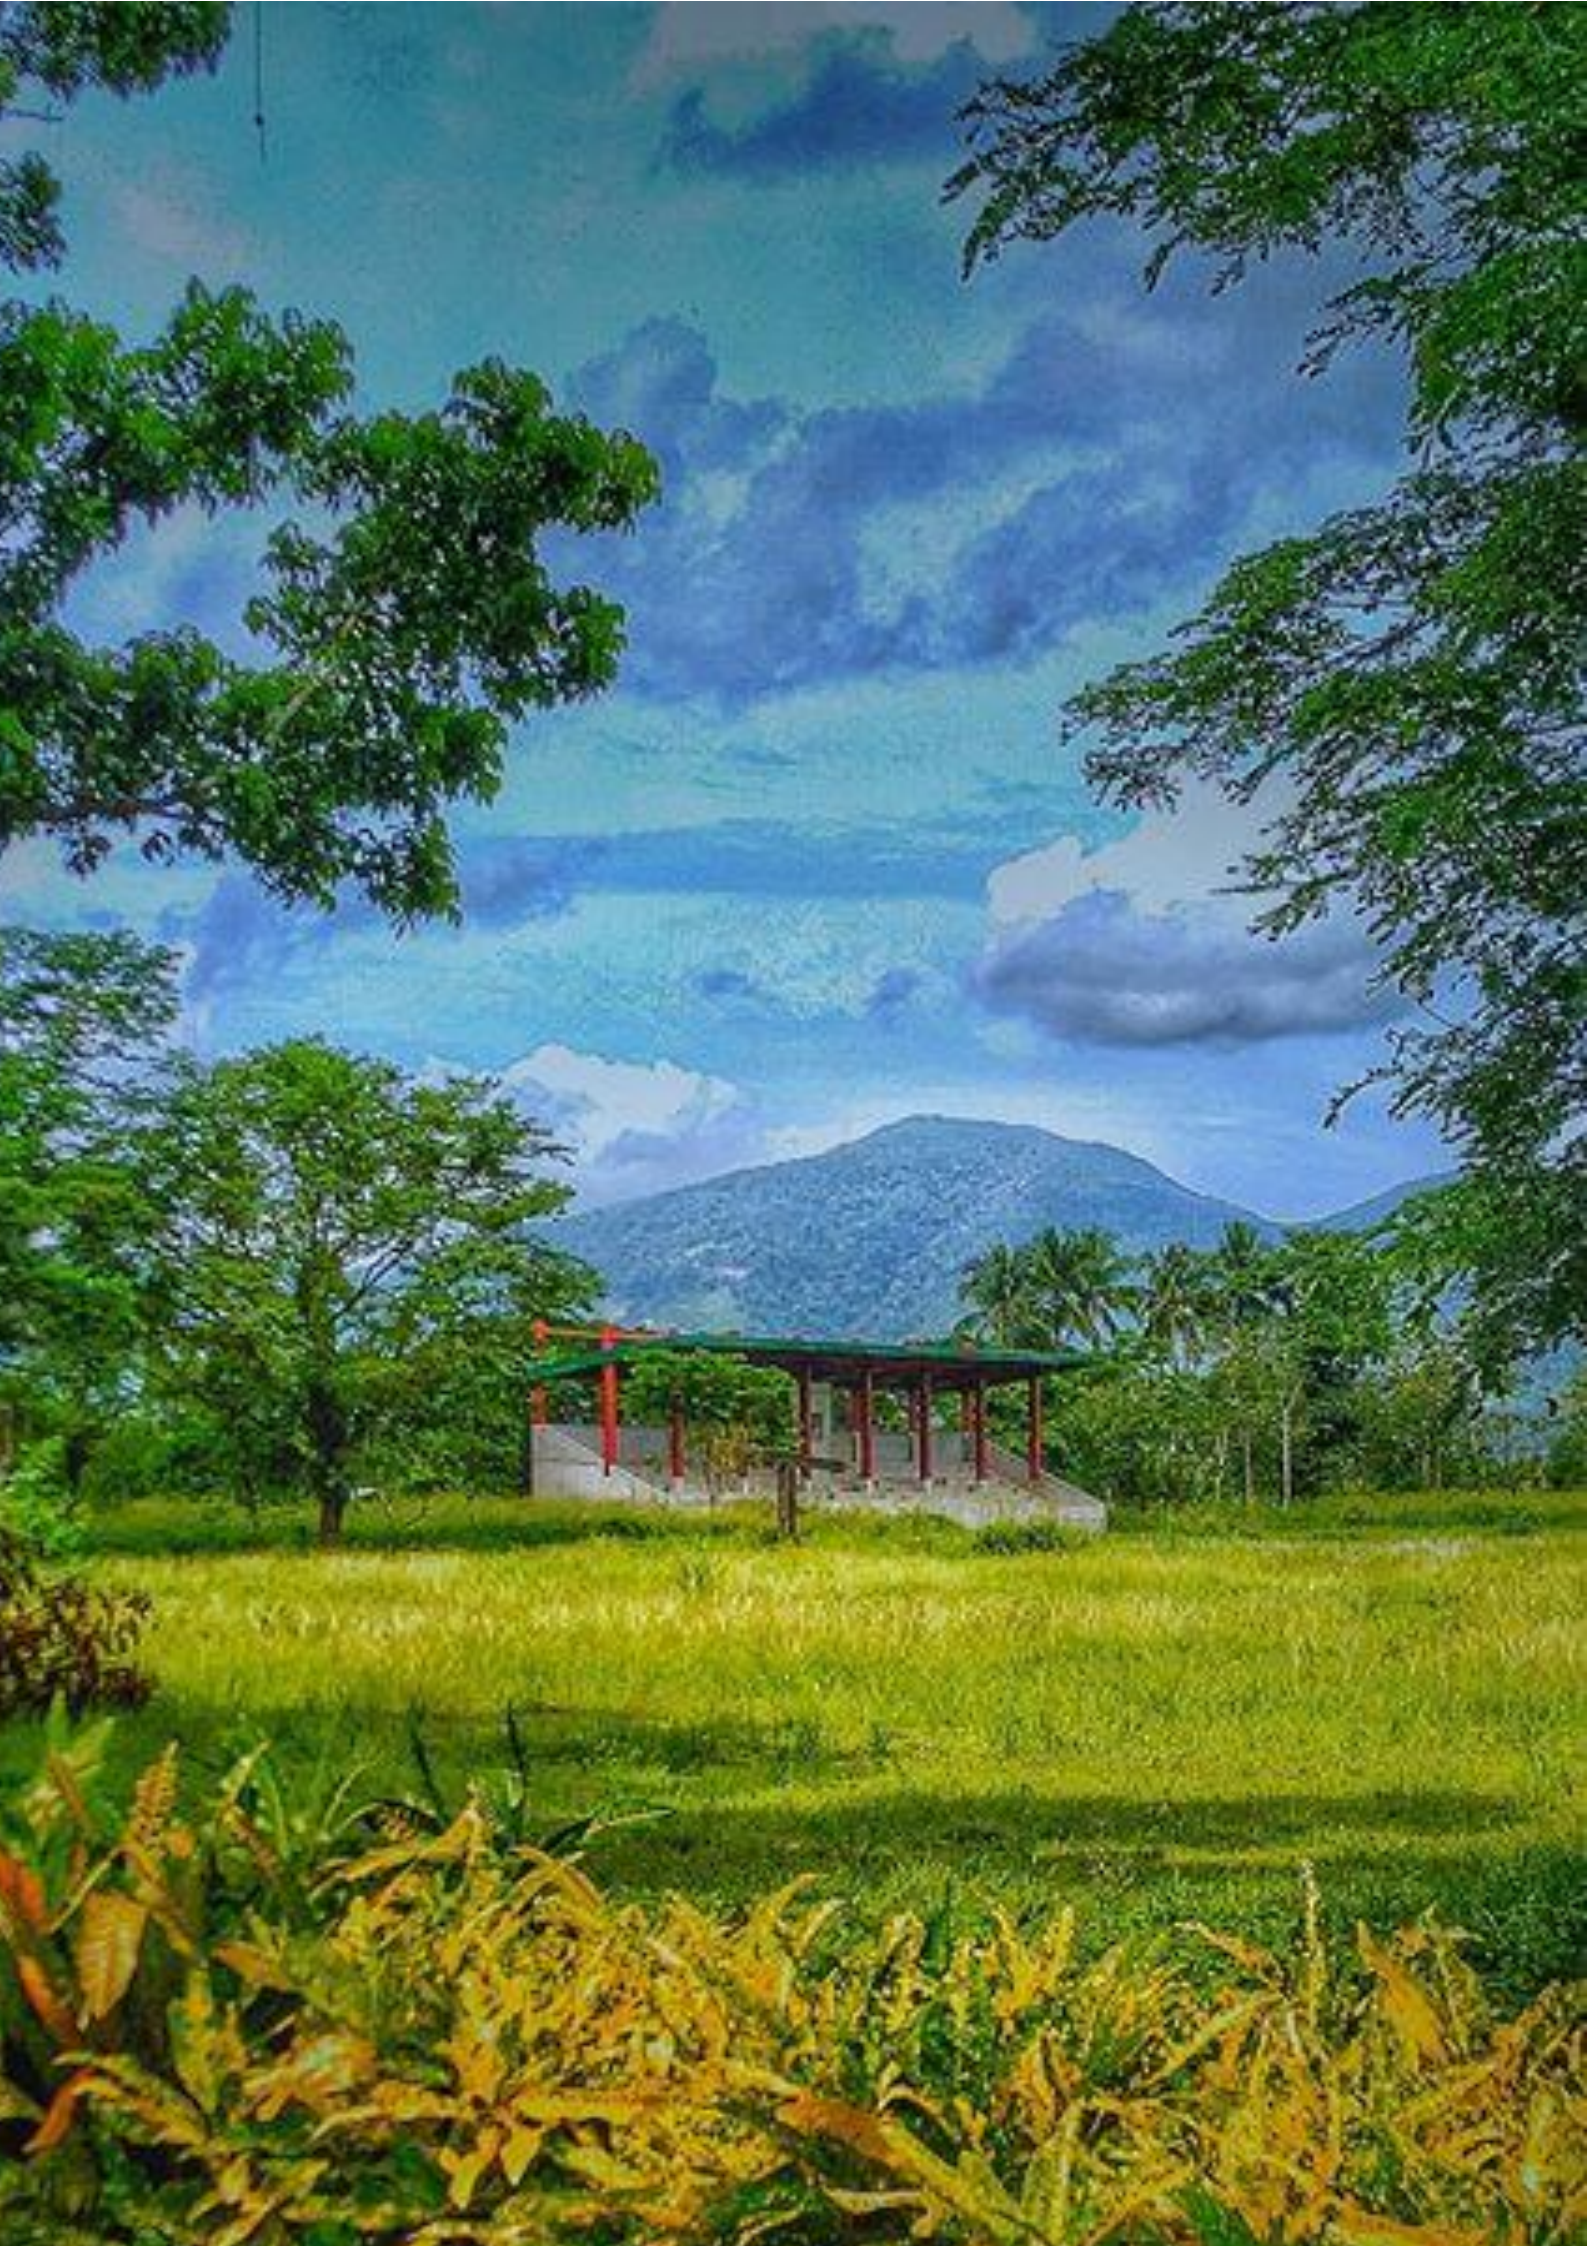

Accomplished

Percentage of partners who rate the training course/s and advisory services as satisfactory or higher in terms of quality and relevance.

Target

Accomplished

Active Partnerships with LGUs, industries, NGOs, NGAs, SMEs and other stakeholders as a result of extension activities.

For FY 2023, the Extension, Knowledge and Technology Transfer Offices of the three campuses of the University were able to surpass their targets both in outcome and output indicators indicated in the General Appropriations Act.

Similarly, they were able to strengthen coordination with the barangays, municipalities and partner agencies in the conduct of various extension programs, projects and activities.

The Extension, Knowledge and Technology Transfer Office was able to accomplish 61 active partnerships with partner agencies in FY 2023.

FY 2023

Highlights of Extension Activities

The University Director for Research, Macario Masagca Jr., shared his knowledge on Financial Literacy in celebration of the 2023 Youth Camp Program for Oriental and Occidental Mindoro youths with the theme "Leave No One Behind" sponsored by PMUI, one of our partners in agriculture, literacy, and technology programs last July 28, 2023.

TRAINING-WORKSHOPS

Training Workshop on Grant Proposal Writing. May 30-31, 2023

Literacy Training for Mangyans led by Dr. Pinky B. Carig at Canaan, Victoria, Oriental Mindoro. September 25, 2023.

Need Assessment & FGD for IPMRs & IP Board Members including Church Leaders of Oriental and Occidental Mindoro. September 22, 2023.

A Seminar-Workshop on Project proposal preparation for IP Leaders from Oriental & Occidental Mindoro with Mr. Jerome Jef M. Zamora, a faculty of College of Teacher Education, Dr. Erwin L. Icalla & Mr. Jonbert M. Caoli as Resource Persons. It was participated by the IP Representatives from the Local Legislative Body. PMUI Hall last September 20, 2023.

Training on handicraft making (basketry) at Bayang, Lisap Bongabong, Oriental Mindoro led by facilitated by Dr. Mary Jeane Lubos, Campus Coordinator for Extension of MinSU Bongabong Campus. The training was part of the STC4ID Project: A partnership program of MinSU, PMUI & DOST-PCAARRD in coordination with LGU's & other line agencies.

Ecosystem-Based Disaster Risk Reduction Implementing Nature-based Solutions for Resilience

Capacity Development

Capacity Development on Ecosystem-based Disaster Risk Reduction and Climate Change Adaptation & Mitigation participated by the LGU-Victoria. the activity was facilitated by MinSU Disaster & Risk Reduction and Management Office (MDRRMO)

MAARRDEC and MinSU Calamansi Forum for senior high school students in the Division of Calapan City to increase awareness on production and converting Calamansi wastes to marketable products at Eduardo's Resort, Calapan City

Teaching grafting and budding techniques in Calamansi production for young farmers of Calapan City – with MAARRDEC and MinSU

Outreach activity conducted by the College of Teachers Education at Bethel Elementary School wherein a total of 30 students(Kinder and Grade 1) received their school bags. The Extension Unit assisted the College of Teacher Education (CTE) faculty members headed by Dr. Jesse T. Zamora in facilitating the said activity.

Dr. Angelita O. Geniza Principal II- Bethel Elementary School gave her welcome messages and thanked the MinSU for choosing their school as one of the beneficiaries of the program.

Outreach program titled "Handog Gamit Pang Eskuwela Nang Pag-aaral ay Muling Sumigla: A Post Pandemic Response to Pre and Grade 1- Schoolers at MINAS Elementary School" headed by its principal, Dr. Giovanni J. Favila. A total of 40 students (Kinder and Grade 1) received the school bags. The gift-giving was followed by the lecture on oral health and dental hygiene by MinSU Dentist, Dr. Neden Grace Hora.

MOA signing with LGU Bongabong, MinSU together with NCIP Provincial Director & PMUI Executive Director. August 10, 2023

Calamansi Demo Farm project meeting with the Southeast Asian Regional Center for Graduate Study and Research in Agriculture (SEARCA).

Preliminary meeting for Mindoro State University and University of Batangas linkage with Dr. Aurora P. Tolentino, Vice President for Academic Affairs at UB, Batangas City. November 17, 2023

Philippine National Volunteer Service Coordinating Agency for MinSU linkage and request for international volunteer from Peace Corp with its Executive Director Donald James D. Gawe

18th Regional Research and Development Coordinating Council of MIMAROPA Agriculture, Aquatic and Natural Resources Research and Development Consortium (MAARRDEC) at Berjaya Hotel, Makati City

2nd Quarter Regional Research, Development, and Innovation Committee (RRDIC) MIMAROPA Region at Eurotel Hotel, Makati City, May 3, 2023.

MHRDC, MAARRDEC and STIRDC 2nd Quarter Governing Board Meeting at Eurotel Hotel, Makati City

Meeting with DOST-ITDI- Technical Support to DOST Regional Food Innovation Centers (rFICs) Equipment Operation and Upscaling at Mindoro State University Calapan City Campus.

4th Quarter Regular Regional Research, Development, and Innovation (RRDIC) Regular Meeting at Makati Palace Hotel last November 08, 2023

19th Regional Research and Development Coordinating Council (RRDCC) Meeting of MAARRDEC at Makati Palace Hotel (November 07, 2023)

CONFERENCES

Meeting with the Thailand's National Science and Technology Development Agency (NSTDA) with Dr. Sanat Wongthawethong, Deputy Director, Thailand Science Park on October 25, 2023.

MinSU delegates with the University President, VP for RDE, and other academic key officials attended the International Institute of Innovation and Sustainability's 13th Asian Society for Innovation and Policy Conference on September 22-23, 2023

2nd meeting for the 3Ps (DOST-PCAARRD Para sa Pamayanan) project for Canaan community in Victoria, Oriental Mindoro

MinSU and SEARCA meeting for the Development of Prototype Calamansi Mechanical Size Sorter

MinSU attends the *Philippine Association of State Universities and Colleges (PASUC) 2023 Annual Convention*, on **August 9-11, 2023** at the **SMX Convention Center Manila** in Pasay City with the theme “*Fostering Innovation and Collaboration in SUCs Towards Increasing Competitiveness and Sustainability*”. This year’s PASUC convention endeavors to establish an inclusive platform where diverse stakeholders can foreground different perspectives and engage in collaborative discussions. This three-day event explored various approaches to enhance SUC programs and initiatives, with a particular focus on Innovation, Knowledge Creation, Intellectual Capital, Strategic Partnership, and Multi-Level Collaboration, all integral in increasing competitiveness and sustainability. The program featured distinguished speakers from government and partner agencies.

Meeting with DOST-PCAARRD for e-library system and STARBOOKS projects

Orientation on AANR Digitalization and STARBOOKS Users - DOST-PCAARRD, MAARRDEC and MinSU Library Department

Preliminary meeting with the College Administrator of Kolehiyo ng Puerto Galera for RDE linkage on mentoring program.

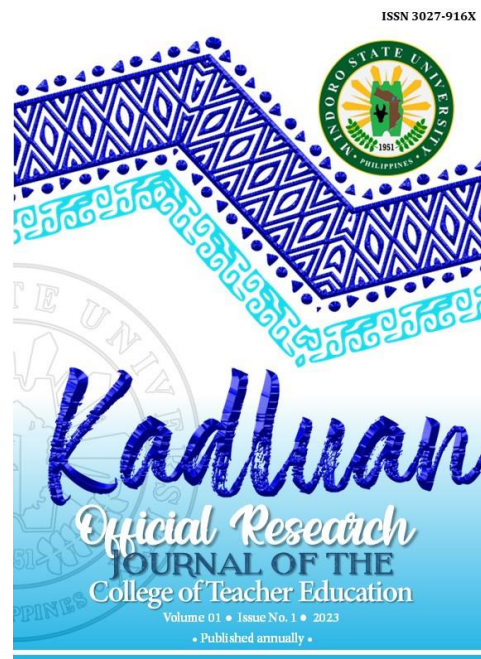

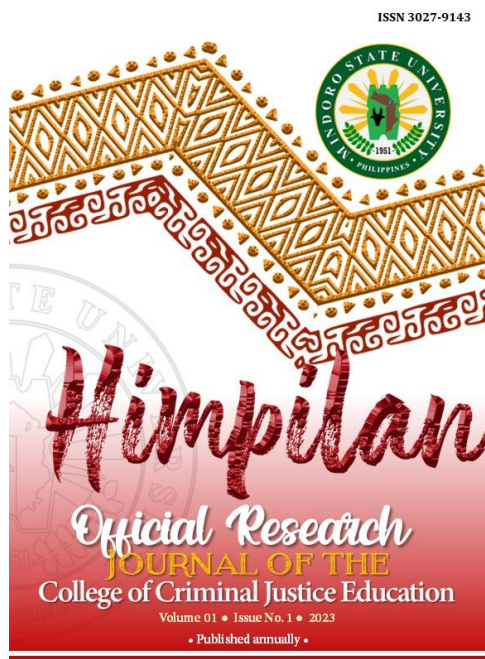

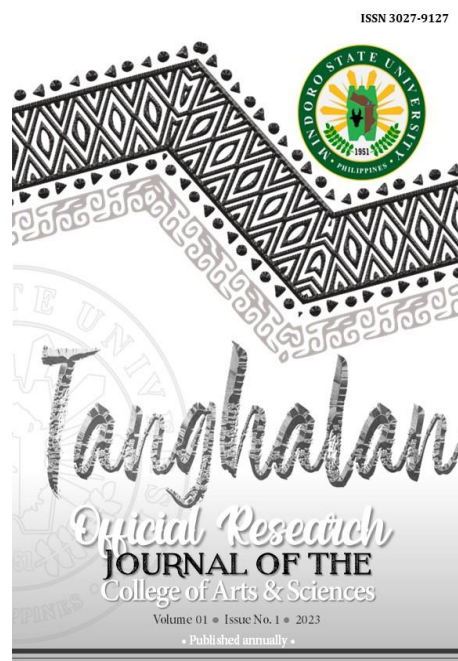

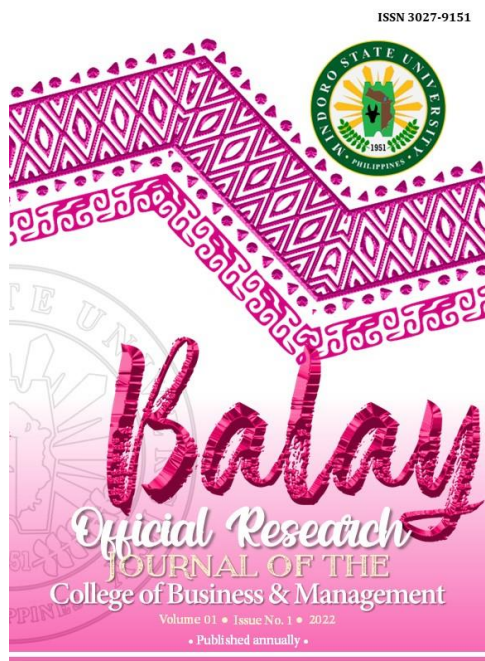

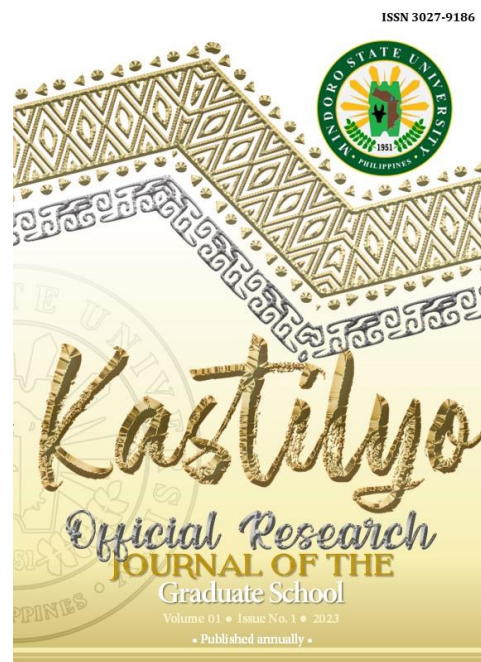

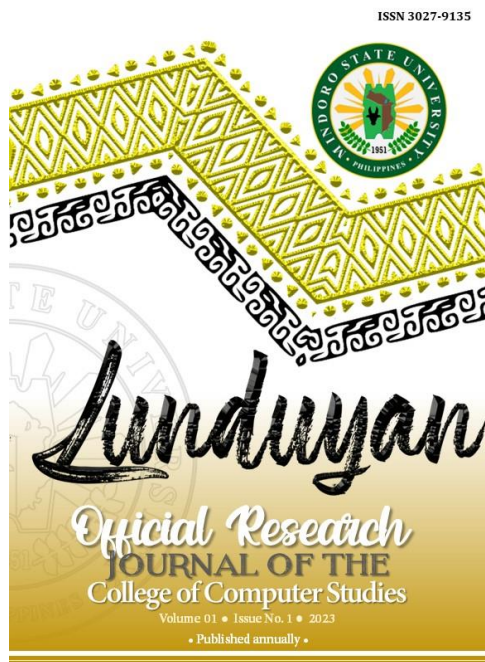

MinSU Focus Group Discussion on Calamansi Research with local farmers at Eduardo's Resort in Calapan City with Provincial S&T Office representative, Engr. Zaldie Gawad.

International linkages bilateral meeting between MinSU and Centre for Research in Biotechnology for Agriculture, University of Malaya FOR potential collaborations

R&D and training project meeting of Global Trade Venture Company Limited Senior Consultant Mr. Kazuo Sato as partner of Mindoro State University at Calapan City Campus AVR. April 22, 2023

LOCAL BENCHMARKING & WORKING VISITS

Field pre-survey at Nueva Viscaya State University for the MinSU Calamansi Research

Mindoro State University RDE Department participation at CHED SUC Fair 2023, SM Iloilo City with the theme: "Navigating the Global Academic Landscape Through Innovations, Cultural Arts Preservation, and Higher Education Quality"

MinSU showcased one of its products, the Drying Oven Technology Saba Banana and Camote Flour Products of MIMAROPA Food Innovation Center at Department of Agriculture Trade Fair in Provincial Government exhibits at Calapan City, April 19, 2023.

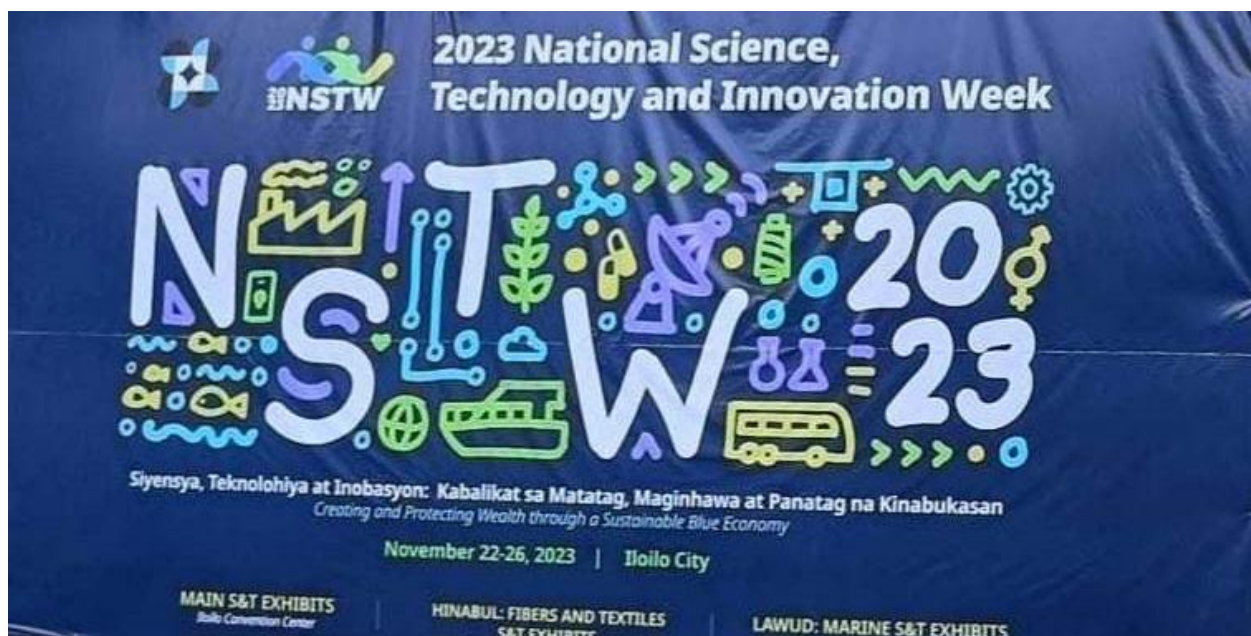

MinSU showcased one of its products, the Drying Oven Technology Saba Banana and Camote Flour Products of MIMAROPA Food Innovation Center at Department of Agriculture Trade Fair in Provincial Government exhibits at Calapan City, April 19, 2023.

MinSU showcased one of its products, the Drying Oven Technology Saba Banana and Camote Flour Products of MIMAROPA Food Innovation Center at Department of Agriculture Trade Fair in Provincial Government exhibits at Calapan City, April 19, 2023.

MinSU participation with the National Science and Technology Week (NSTW), Iloilo City on November 22-26, 2023

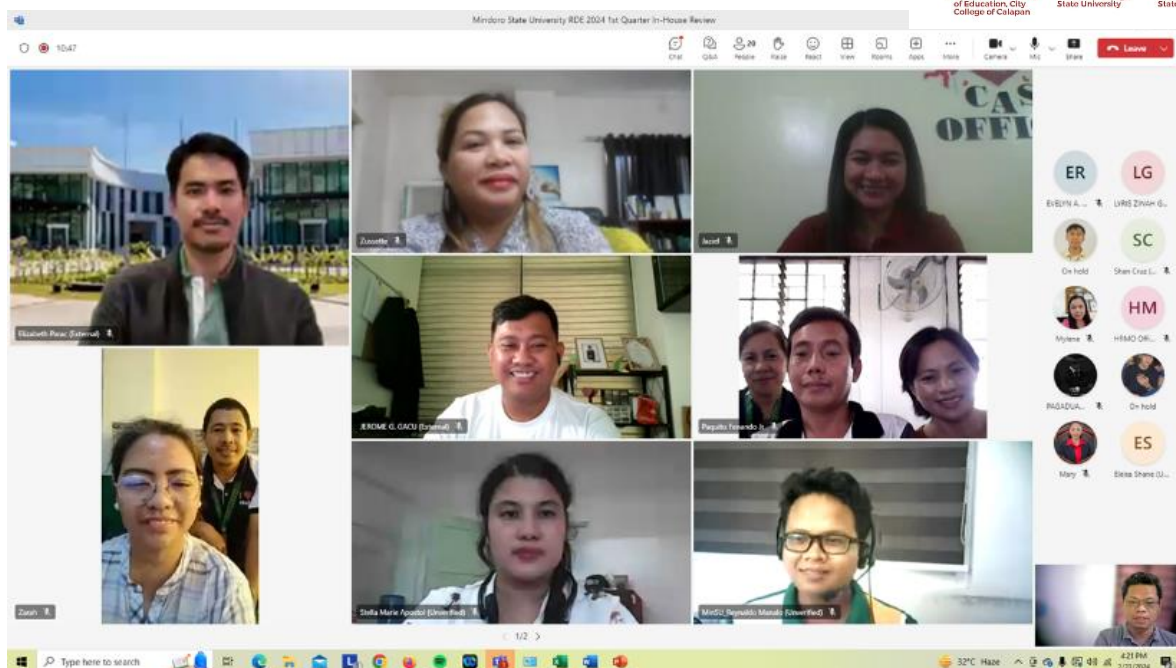

Lecture on Thailand's research, innovation, Industry 4.0 and incubation program (TECHBITE 5.0/startups) at King Mongkut's University Technology Thonburi (KMUTT) part of the 4-day working-visit in Thailand for Thailand-BISPA collaboration visit on October 25-27, 2023.

University Incubator Consortium Demo Day at Asia Pacific University of Technology & Innovation, KL, Malaysia

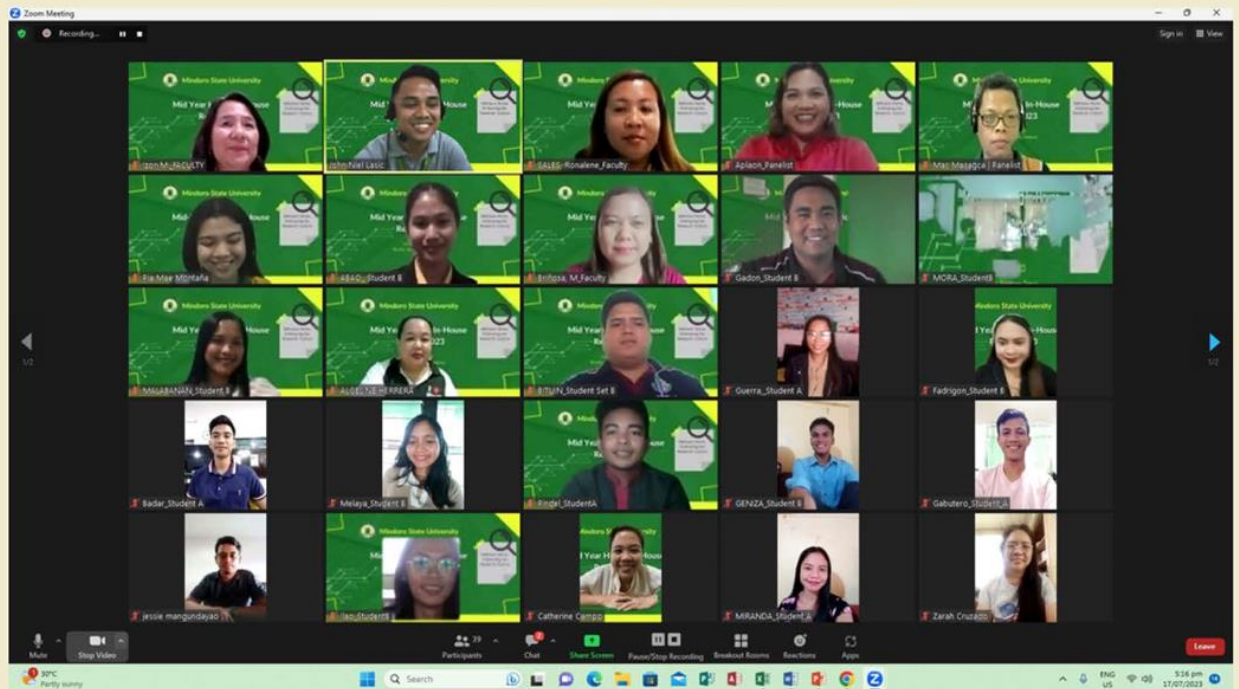

Research presentation of the Mindoro State University from the International Academic Conference 2023 of International University of Malaysia-Wales, Kuala Lumpur, Malaysia

MBC Mid Year In- House Review 2023

July 17, 2023

Microphotographs of Unfertilized egg (a) and a fertilized egg (b) of Naujan White Goby (*Glossogobius* sp.)

MBC fostering a research-driven future at the triumphant Mid Year In-House Review. Embracing the research culture, uniting in pursuit of excellence.

**INTERNATIONAL CONFERENCE
on Startup & Technopreneurship Ecosystem**
Co-hosted by
Can Tho University and Tra Vinh University, 8-11 May 2023, Vietnam

OPENING CEREMONY

Venue: Hall B71.101–126 Nguyen Thien Thanh Street, Ward 5, Tra Vinh City, Viet Nam

Schedule of International Conference on Startup & Technopreneurship Ecosystem (ISTE)

(8-11 May 2023)

TVU – 126 Nguyen Thien Thanh Street, Ward 5, Tra Vinh City, Viet Nam
Contact: Ms. Nguyen Thi Ngoc Van (TVU), ntnvan@tvu.edu.vn, tel: (+84) 0914.465.090
CTU – Campus 2 – 3/2 Street, Xuan Khanh Ward, Ninh Kieu Dist., Can Tho City, Vietnam
Contact: Ms. Nguyen Thi Phuong Thao (CTU), nphthao@ctu.edu.vn, tel: (+84) 0982.909.275

PARALLEL SESSIONS 2

ECOSYSTEM AND BUSINESS INCUBATORS

Venue: Hall B71.101

Co-chair: Assoc. Prof. Dr. Diep Thanh Tung, TVU

Co-chair: Dr. Kumaresan Magaswaran, APU

Secretary: Lam Son Dien

Meeting ID: 990 214 0735

Passcode: 670031

13h40-14h05

Establishment of The Innovative Food And Agri-Biosystems Business Solutions For Startups (Ifabs) at Mindoro State University (Minsu), Philippines
Levy B. Arago, Jr., Christian Anthony C. Agutaya and Mark Keylord S. Onal
Mindoro State University (MinSU), Philippines

09 May	6.30am	Breakfast at Tra Vinh Guest House
	7.30am	Delegation pick-up to TVU
	8.00am	Morning conference (see conference agenda for details)
	11.15am – 1.15pm	Lunch
	1.15pm	Afternoon conference (parallel sessions, see conference agenda for details)
	5.00pm	Back to Tra Vinh Guest House and Dinner

MIMAROPA Region

- 5 provinces & 2 cities
 - Oriental Mindoro
 - Occidental Mindoro
 - Marinduque
 - Romblon
 - Palawan
 - Calapan City
 - Puerto Princesa City
- 71 municipalities
- 6 State Universities and Colleges (SUCs)

Virtual International Conference on Startup & Technopreneurship at Can Thou University and Tra Vinh University, Vietnam. DOST-MIMAROPA Regional Director, Dr. Ma. Josefina P. Abilay presented her keynote at the International Conference on Startup & Technopreneurship Ecosystem attended by different SUCs in the Philippines including MinSU.

FILIPINO GENOMES RESEARCH PROGRAM

The program aims to represent and involve the Filipinos in human genomics research to ensure that the focus, output, applications, and benefits are relevant, transferable, and applicable to the Filipino population.

This is a participatory research, where the participant volunteers are not just research subjects, but research partners. The results can enhance the study of Filipino history, geography, health, and medicine and strengthen the use of forensic genetics in the Philippines.

JUNE 7 - 16, 2023

MINSU - CALAPAN CITY CAMPUS

Proposal Writing Clinic Preps | June 26, 27

Co-designing of interventions with HEIs

1. Open discussion on TBI challenges to design support / interventions:
 - a. Identify challenges that TBI needs to address to address recruitment
 - i. New university admin
 - ii. New teams joining your TBI teams
 - b. Connect with local university champions that are involved / may be involved in the TBI
2. Design support and Interventions
 - a. Updating of stakeholder map to map new industry partners, mentors, stakeholder
 - b. Connect with local university champions that are involved in the HEI
 - c. Create new interview questions to uncover industry challenges

To prepare for June 26, 27:

1. Recommendations for interviewee (i.e. industry mentor, stakeholder, admin from your university)
2. Revisit Stakeholder Mapping activity and output

MinSU participation on the DOST-PCIEERD HEIRIT Training Program

Participating in the national survey of UPLB researchers for the DA-BAR study on Impact Assessment of Relevant of Philippine Standard on Organic Agriculture. Providing overview of the MinSU R&D activities on organic agriculture before going to the interview of the university faculty focal person on organic farming.

UPLB College of Economics Researchers for the PCIEERD DOST-ITDI study titled "Impact Assessment of the R&D and Roll-out of the Food Processing Equipment Prototypes in the Regions" at MIMAROPA FIC

Digital Agriculture Project with Dr. Virgilio T. Villancio, Director of the Agricultural Systems Institute of UPLB and Dr. Rodmyr Datoon, Head of the Agricultural Extension

Administration and Finance

Highlights of Administration and Finance Activities

Mindoro State University now ISO 9001:2015 Certified

Mindoro State University Main Campus was awarded with the 9001:2015 Certification by the International Organization for Standardization last November 3, 2023 at the University Auditorium, MinSU Victoria-Main Campus.

This is in compliance to Quality Management System requirements and in support to the University's quest for delivering quality education anchor on international standards.

PASUC 2023 Annual Convention

August 9-11, 2023

SMX Convention Center Manila, Pasay City

Mindoro State University key personnel attended the Philippine Association of Universities and Colleges (PASUC) 2023 Annual Convention last August 9-11, 2023 at SMX Convention Center Manila, Pasay City.

With the theme “Fostering Innovation and Collaboration in SUCs towards Increasing Competitiveness and Sustainability”, the said Annual Convention identified different approaches to enhance SUC’s programs, projects, activities and initiatives on Innovation, Knowledge Creation, Intellectual Capital, Strategic Partnership, and Multi-Level Collaboration, crucial in increasing competitiveness and sustainability.

Formulation of Agency Catch-Up Plans

August 22, 2023

MinSU-Main Campus Board Room, Victoria, Oriental Mindoro

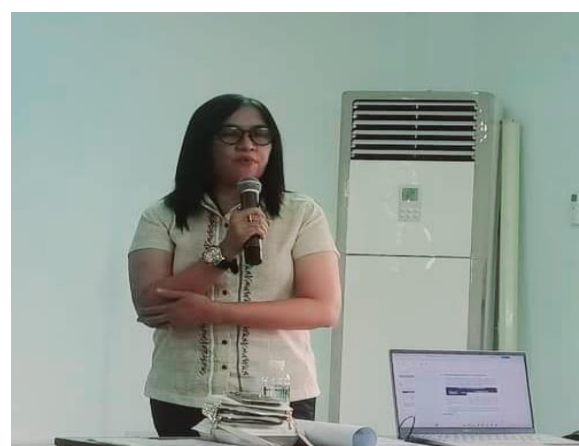

In compliance to DBM Circular Letter No. 2023-10 dated August 9, 2023, the MinSU Budget and Planning Units facilitated the Formulation of Agency Catch Up Plans last August 22, 2023 at MinSU Board Room, Alcate, Victoria, Oriental Mindoro.

This activity was conducted to ensure the attainment of 70% of GAA Targets in PREXC Indicators which will be reported on the third quarter of the fiscal year. The said formulation was participated by University President, Vice Presidents, Campus Executive Directors, Deans/Institute Heads and Directors.

PBB 2023 Guidelines Orientation Meeting

August 22, 2023
AgriEco Conference Room, Alcate, Victoria, Oriental Mindoro

The Planning, Monitoring and Evaluation Unit spearheaded an Orientation Meeting on the FY 2023 PBB Guidelines last August 22, 2023 at AgriEco Conference Room, MinSU-Victoria Campus.

The said activity aims to discuss the highlights of the FY 2023 Performance-Based Bonus (PBB) Guidelines and have a better understanding of the criteria and conditions of the FY 2023 PBB requirements.

FY 2024 ACTION PLANNING CONSULTATION WORKSHOP

December 5, 2023

AgriEco Conference Room, Alcate, Victoria, Oriental Mindoro

The Planning, Monitoring and Evaluation Unit facilitated a one-day Action Planning Consultation Workshop last December 5, 2023. This was participated by the Vice Presidents, Directors, Deans and Unit Heads of the three campuses of Mindoro State University.

The participants prepared their FY 2024 Action Plans which was presented in the recently held Consultation Workshop. The focus of the activity is to ensure that action plans of each unit are aligned with the targets in the FY 2021-2025 Five Year Development Plan of the University as well as inclusion of priority PAPs and proposed PREXC indicators in the plan.

Each College, Unit and Department was able to solicit comments/feedbacks on their presented plans. Proper resource allocation per PAPs in the different areas of concern will be done in the FY 2024 PRE Deliberation which will be held the day after.

FY 2024 PROGRAM OF RECEIPTS AND EXPENDITURES (PRE) DELIBERATION

December 6, 2023

AgriEco Conference Room, Alcate, Victoria, Oriental Mindoro

The Planning, Monitoring and Evaluation Unit and Budget Office facilitated a one-day FY 2024 PRE Deliberation last December 6, 2023. This was participated by the Vice Presidents, Directors, Deans and Unit Heads of the three campuses of Mindoro State University.

The said activity was conducted to guide each department in the preparation of their proposed FY 2024 PRE as well as to enlighten the participants in the preparation of their PPAs. Outputs from this activity will be consolidated for presentation to forthcoming BOR Meeting.

Women, Gender and Development (WGAD)

2023 National Women's Month Celebration

(We for Gender Equality and Inclusive Society)

#WEcanbeEquALL

March 1 – April 3, 2023

Mindoro State University Main Campus

In support of

National Women's Month Celebration | March 1- 31, 2023

@PCWgovph

www.pcw.gov.ph

#WEcanbeEquALL

Mindoro State University Victoria-Main Campus extends their gratitude to Philippine Commission on Women (PCW) for featuring the said university in the PCW's Facebook Page

2023 National Women's Month Celebration (We for Gender Equality and Inclusive Society) #WEcanbeEquALL March 1 – April 3, 2023

Pursuant to Proclamation No. 227 Series of 1988, Mindoro State University joined in the annual conduct of National Women's Month Celebration (NWMC) which gave due recognition to the contributions of Filipino Women in our society. This activity held simultaneously in the three campuses of the University last March 1 – April 3, 2023.

Activities conducted on the said celebration were composed of hanging of 2023 NWMC tarpaulin and symbols, participation in online campaigns and advocacies, using of All-Women Cast Lupang Hinirang Video in agency's NWMC activities and wearing of advocacy shirt or any purple shirt on all Wednesday of March to signify the support for women's empowerment and gender equality.

MinSU WGAD Teambuilding Activity

“Inclusivity in Action: Empowering Change Together”

September 22, 2023

Extreme Sports Philippines, Puerto Galera, Oriental Mindoro

MinSU WGAD Unit spearheaded a one-day Team-Building activity which aims to promote awareness and understanding of gender-related challenges in the workplace and society as well as to foster a culture of inclusivity and respect, celebrating the diversity of perspectives and experiences among faculty and employees.

Activities included were composed of ice-breakers for building connections and rapport, interactive exercises for effective communication and conflict resolution as well as team challenges to foster collaboration, problem-solving and creativity.

Men's Month Celebration

“Breaking Stereotypes: Men's Role in Gender Development”

November 17, 20 and 21, 2023

Mindoro State University – Three Campuses

MinSU WGAD Unit facilitated a three-day activity entitled “Breaking Stereotypes: Men's Role in Gender Development” for all male faculty and employees in the three campuses of the University last November 17, 20 and 21, 2023.

The said activity was purposely conducted for creation of opportunities for engagement, information and empowerment of our male colleagues by highlighting the importance of men's participation in promoting gender equality. Moreover, addressing this topic is vital not only for men's well-being but for the overall progress and harmony of our institution and society.

CORE VALUES

Resilience

We strive hard to regain the University's strength quickly amidst adversities for sustained growth and empowerment.

Integrity

We adhere to the value of respect and champions the practice of upright moral code crucial in the attainment of the university's vision and mission.

Commitment

We internalize the value of dedication to hard work to meet the quality standards and shares this value as zeal towards achieving excellent performance.

Excellence

We uphold outstanding performance of the University's quadruple functions - instruction, research, extension, and production.

OFFICE OF THE UNIVERSITY PRESIDENT

2F Administration Building
Mindoro State University
Alcate, Victoria, Oriental Mindoro 5205
